CHRISTMAS 1993 AND BEYOND...

One nice thing about the Summer Consumer Electronics Show is that we get to see what games will be coming out during the all-important Christmas shopping season, and based on what was at the show, all of our editors agreed that this is going to be the best holiday season ever. And since both Sega and Nintendo are predicting record years for game system sales, each is bringing out their big software guns to convince players that their system is the one to buy. It is almost as if both Sega and Nintendo knew what each other was doing, for they are matching each other one for one in all the major categories. For example, with Sonic a predictable year-end superstar, Mario is now coming back in a whole new adventure for the U.S. Super NES players. Sega's ultrafast Virtua Racing (with their new DSP chip) for the Genesis will go head to head with Nintendo's second generation FX chip game - FX Trax.

Even the licensees will be going at each other. The last in Capcom's line of Street Fighter carts will be going up against Acclaim's long-awaited Mortal Kombat. Throw in Sega's Eternal Champions, Konami's new Turtles Tournament Fighter and Interplay's Clay Fighter, and even the hard-core players will finally say 'enough already' to the street fighting genre. The one good thing about the proliferation of SF games is that with so much competition, prices aren't going to be outrageously high. Capcom already has announced a \$69 list price for both their Genesis 24-Meg and Super NES 20-Meg Turbo Street

The games for 1994 are looking even more spectacular. I had the privilege of meeting with many of the Japanese game companies right after attending the Tokyo Toy Show and what they have in store for us next year is truly spectacular. After playing games like Sonic CD, Virtua Racing and some yet unnamed new polygon graphics CDs, the next generation of games will make this year's hits look old. Virtual Reality is on its way to the home, as are games on demand via cable. Artificial Intelligence (AI) in games is improving geometrically. If you thought the computer was wimpy and easy to beat in the old Super NES SF2, wait until you see all of the random combos and cheap moves the wizards at Capcom have programmed into the new Turbo SF2! Likewise, Sega has promised a level of Al that constantly adjusts its game play based on how well you are doing. The days of predictable and 'dumb' enemy movements are rapidly on their way out.

Although the games are a ways away, the information about them is at your fingertips as we have brought it all back from the CES and Tokyo Toy Show. We have been able to get hands-on tests on hundreds of new games, peripherals and systems, and they are all packed into this great issue. We hope you will enjoy reading about them as much as we did trying them out and evaluating them. As always, keep your letters coming and get ready for October!

Gotta run. I'm late for a meeting with a preacher.

YOU CAN BE THE VELOCIRAPTOR.

Only on *Jurassic Park*™ from Sega™ can you play the dinosaur as you attempt to escape the armed guards of Jurassic Park.

> The movie brings them to life. The game invites you to join in.

Dinosaur teeth varied in size and shape depending on what the dinosaur ate. Herbivores had round. dull teeth for chewing plants. Carnivores had sharp, pointed teeth for chewing Herbivores. Be careful. To them, you're iust a snack.

At the end of W their powerful legs and muscular arms, many dinosaurs were equipped with razor-sharp claws. Ours are no different. And no less dangerous.

IT TOOK 65.00

elcome

Try not to end up here. The powerful jaws of the meat-eater Tyrannosaurus rex. They had pointed, six-inch-long teeth and really bad breath. Keep out.

FACE TO FACE ON SEVEN DIFFERENT

LEVELS. Work your way through the Visitors Center, Pump Station, River, Volcano, Canyon, Power Station, and Jungles of Jurassic Park.

A typical walk in the park 130 million years ago would have looked like this. Ferns, cycads, and other plants were everywhere. Just like the jungle of our game.

It's still unknown why the dinosaurs disappeared. One theory suggests that a huge asteroid struck the Earth sending dust into the sky and blocking out the Sun. Or maybe they died of boredom; there were no video games back then. What do you think?

The reptiles that could fly, the Pterosaurs. They ruled the sky

while the dinosaurs ruled the Earth.

Be careful as you move through Jurassic Park. You never know when one might drop in.

At one time, all the continents were grouped together forming one supercontinent called Pangaea. This may explain why dinosaur fossils have been found in so many different places around the world.

Dr. Robert T. Bakker is a real paleontologist. He helped us design Jurassic Park for Sega.

This is Amber. The fossilized resin (sap) of an ancient tree. Have you got something you want to preserve for 65 million years? This is the way to do it.

> Imagine: You're walking through the jungle 130 million years ago. Be sure you don't step in this. It's a fossilized dinosaur dropping. Today, they can help scientists reveal clues to a dinosaur's diet and nutrition. (You'll be glad to know, we've left these little land mines out of our Jurassic Park.)

YOU CAN BE DR. GRANT. You can choose to play Dr. Grant as he tries to escape the dinosaurs and treacherous / jungles of *Jurassic Park*.

Unlike real paleontologists, Dr. Grant uses tranquilizer darts. a stun-gun, flash grenades, gas grenades, super darts and dinosaur bait.

This is the team that designed and created Jurassic Park from Sega. Their task was to produce the best looking, most exciting dinosaur game possible. Nice job.

Over the years, humans have developed large,

intelligent brains. We can think like no other species ever has. For years, it was thought that dinosaurs were dumb, pea-brained creatures. That may be wrong. We've learned recently that they actually migrated to different areas and even cared for their young. Are they smart enough to beat you in

fossils is difficult and time consuming. Finding a game in the store is too. For your reference, this is the game box to look for: Jurassic Park from Sega.

Just like in the movie. A dinosaur is a cunning and ferocious adversary. Remember, if you can't beat them, join them. In Iurassic Park from Sega, you can play the dinosaur.

THEY GET SMARTER AS YOU GET BETTER.

Jurassic Park from Sega was designed to include D.P.A.™ (Dynamic Play Adjustment.) So as your game skills get sharper, the dinosaurs become harder to outsmart.

COMING SOON TO GAME GEAR™ AND SEGA CD.™

smart brain? For sure.

This is the section where you can open up your mind and let the rest of electronic garming know what you have to say! If we like what you write, we'll put it inside the pages of this magazine and try to spell your name right. If we only not like it, chances are we'll we'll up and hur (the pager, not us). Remember that anything you write and send to us can be used in the mag wither they collect for not. Remember that you have the right to remain silent and that anything you say could be used against you in a court of law. If you understand these rights then write us at: Interface, Letters to the Editor, of Sendar Publishing Grow, 1920 Hishland Avenue, Suite 22, Lombard, Illinois 60148. And If you think we're going to answer every letter that comes to our mailbox then you mag be not us.

THE CES SHOW

I had the great privilege of attending the Consumer Electronics Show and it was an incredible experience. Having gone last year as well, I was truly surprised by the many improvements. For one, the video game section was much larger and the quality of the games was better. Nintendo had a nice display but Sega's booth was large and crowded! The huge stage with the announcer was an impressive idea. The game that really wowed me was Silpheed. Nothing could have prepared me for this game! Finally the power of the Sega CD shines through. And how about you guys? It wasn't too tough to find your booth. I just looked for a crowd of people lined up playing arcade games. Your staff was talking with readers, giving out tons of free mags, and basically showing everyone why you guys are number one.

Ben Caton Iowa City, IA

(Ed. Thanks for the wonderful comments, Ben. We've always been a big attraction at the Consumer Electronics Shows by handing out tons of free magazines and interacting with fans. Yes, this show was one of the best. We agree that Silpheed from Sega is an incredible game that shouldn't be overlooked. You can read more about Silpheed and other hot titles from the show in our Fact File section. We can't wait to meet with everyone again next year.)

I just got back from the Summer CES and it was hotter than last year's! I was a little confused on a couple of things shown, though. First of all, I saw that the Genesis version of Street Fighter II: Champion Edition was delayed and changed to Street Fighter II: 'Special' Champion Edition. What's the deal?

Tim Yanalunas West Bloomfield, MI

The new Street Fighter II: Turbo Edition clocks in at a hefty 20-Meg!

(Ed. Well Tim, SFII: Special Champion Edition is Sega's answer to the Super NES version of SFII: Turbo Edition. This game has the Champion Edition and Hyper version of SF II all in one big 24-Meg cartridge. The Hyper Edition mode can be adjusted between one and nine speeds for perfect play.

In other Street Fighter II news, Capcom announced that both Street Fighter II: Turbo Edition (20-Meg, July release) for the Super NES and Street Fighter II: Special Champion Edition (24-Meg, September release) for the Genesis will both be priced at \$69.95!)

SEGA ADOPTS RATING SYSTEM

A while back, I heard on the radio that Sega was going to start a rating system for the games! I don't understand this at all. I thought Sega always took pride in themselves for their more realistic games and relatively carefree attitude when it comes to their games. Now they want to put age restrictions on the games. Anyway, how is this supposed to work and when will this outrage take effect?

Thomas Ridley Gary, IN

Games like Sega's Eternal Champions are the first to receive the rating labels.

(Ed. The ratings are supposed to begin this month with three initial classifications: "GA" for general audiences, "MA-13" for mature audiences (parental discretion advised), and "MA-17" for adults (not appropriate for minors). Sega's reasoning behind this is that their new games are developed for specific age groups. This rating will be standard on all Sega games and will eventually trickle into the third-party games.)

So What if Pocky and Rocky is a goofy name for a game, featuring two characters who've never been on TV.

Serious Fun™

NOT MORE SF2?!!

Whoal Boy am I impressed with you guys. I was so shocked when I read your June issue, especially the two-page article on Street Fighter: Champion Edition for the PC Engine. I can't wait for it to come to the U.S., so I have a few questions to ask. Where can I order this great game and the six-button controller?

Patrick O' Connell Bartlett, IL

I've been hearing rumors that the PC Engine version of Street Fighter II was going to be on a HuCard and a CD. Have these rumors been confirmed yet? I would really love to play the game while jamming to great CD music!

Dave Travino Barberton, OH

The all-new PC Engine Street Fighter II is the biggest rage overseas in Japan.

(Ed. While it is true that Street Fighter II: Champion Edition was originally going to be a CD/Chip combo, NEC of Japan deep-sixed the idea due to problems in synchronizing the CD music with the game. In fact. NEC was so committed to having the unique combination that they even had the game package designed as a double disc! As of press time, T.T.I. has not acquired the rights to bring Street Fighter II to the United States, so if you really want it, you'll have to either go to Japan, or order the game through a mail-order house. As for the controllers, the game is playable with the standard two-button pads, but it's a real thumb-sore. The six-button pads are the real way to go.)

ETTER OF THE MONTH!

No wonder Sega has been quiet about Sonic CD. With Sonic kidnapped, who would star in their game? Anyway, Mr. Mystery Man, we had those quills checked out and they really belong to a disgruntled porcupine from

Southern Asia. Sorry Charlie, but you've been exposed and we're going to send one hundred plumbers over to get you.
"Electronic Gaming Monthly.

We have Sonic the Hedgehog. Send us a Sega CD or else the hedgehog dies! Ha Ha Ha.

The Sega Genesis Junkies.

P.S. We have also sent you some of Sonic's quills for evidence of this ransom note.

WIN AN OFFICIAL EGM T-SHIRT!

If you think you have what it takes to contribute to society, go write to Newsweek. If, however, you have a thought or opinion that fellow gamers would find particularly crazy, we'd like to immortalize you with a special edition EGM T-Shirt proclaiming your fondness of and psychosis to video games!

OVERSEAS GAMING...

In the area where I live, there is a shopping center that sells many Japanese video games and magazines. Since we can get overseas magazines here, can people in Japan and Australia get EGM?

Jeff Krantz New York, NY

(Ed. You bet we reach other countries! In fact, there was a contest held in Australia by BMS Retail where readers could win a Super Nintendo system with a huge library of great software. Banners were hung in every store advertising EGM, Mega Play, and Super NES Buyer's Guide as the hosts to this great contest.)

A SELECTION OF THE LATEST AND GREATEST

COMPETITION NOW!

Here is the banner and the first winner of this overseas EGM contest!

THREE MORE TO GO...AVAILABLE NOW!

Rescue the fair Princess through 12 levels of sword-swinging adventure!

They're bigger, meaner...and ready for another massive ntergalactic invasion

THE RANKIN RAP!

Since CD Sonic the Hedgehog is naturally going to be on a CD, what kind of music will the game have? I hope it isn't just a rehash of the cartridge music. Will any big names be producing the tunes?

> **Ryan Dilling** Brady, TX

(Ed. Okay Ryan, you're in luck! If the music doesn't end up getting changed, the tunes you'll be listening to are a mix of techno and classical with some vocals occasionally thrown in. In fact, Sega of America has already chosen the opening music to the American version of Sonic the Hedgehog CD. Below is a lyric sheet to the opening cinema music. For more information on Sonic CD, don't miss out on our twopage Fact File on this sure-fire hit!

SONIC - YOU CAN DO ANYTHING (Opening Theme Song) Lyrics by Casey Rankin

10-10 Y' can go again - 9-9 Don't fall behind 8-8 Say, don't be late - 7-7 Destination Heaven 6-5 So, stay alive - 4-3 Now it's you & me 2-1 We're gonna have fun - Say blast off hey!!

Excalibar - It's not that far What do y' make - Hey! Give & take Goin' Home - Time Zone- Check out Egg He's never alone Leather' n lace - Getting in place What to y' get - Say - Fast jet Doom Room - Cosmic Zoom - Heads up Jake It's SONIC BOOM!

I'M B.O.B., AND THIS IS MY G.U.N.

I've got two years left on my warranty, but it won't cover half the grief I've got coming. Most of these hall crawlers don't know me from a toaster, but they still keep trying to cut my power in more ways than Dad ever warned me about. I've got some pretty awesome firepower, and I can dish out as much as I can take. But I gotta tell you, a guy can only bounce back from so much. If I don't get outta here fast, I'll have to change my name to Shish Ke-B.O.B.

"B.O.B.'s many levels, cool and funny graphics, and neat gadgets make it stand head and robotic shoulders above other side-scrolling action games for the Super Nintendo"

-GAMEPRO

I've added on so many tricked-out gadgets, I don't know which parts were factory original anymore.

I can get along with pretty much anybody, but if I have to I've got six flavors of firepower to clear the corridors.

With forty-five levels between me and the door, getting there will be half the fun.

Available on both the Super NES and Sega Genesis systems.

Action August

45+ Levels 8 Meg

Konami knows a good game (like Cybernator) when they see it and getting Zombies from LucasAts was a brilliant move!
This game is a blast to play and provides hours of fun - especially with two players!
Spotting all the paroules of old horror movies just adds to the fun! Add eerie music and you have a winner!

ZAMN is an instant favorite for me. The graphics are fantastic with lot of attention to detail and some invarious enemy characters. The must is also a masterpiece with great stereo effects and fitting I themes. There not too many bosses but when they appear biey're BIG! Great game play and killer amount of levels.

Ahhhhh! It's an invasion of the Zombies and Giant Babies! Konami has brought the once forgotten B movies to life again in their new action cart: Zombies Ate My Neighbors. The cast of characters includes Chainsaw Man, Green Creature, Aliens, Evil Dolls, Red Blobs and, of course, Zombies.

You are Zeke (love the 3-D glasses) or Julie, two humans pitted against the strange collage of enemies. Armed with a cross between household staples and military bazookas, destroy the invaders using whatever's available! Remember to rescue your neighbors - if they're killed it's game over!

Konami does it again! With humorous, movie-like action this part looks and plays like a winner! I espedially enjoy the way you turn into a monster and run after

- way you turn into a monster and run after

 your enemies. The music is great and the
 control of the characters can't be beat. I
 thought I was watching an old horror flick
 when I played it. Fun is the word!
- Another great cart from Konami. This adds to the few horror games out there
- and really shows off the humor in horror movies. The characters have a vague
- familiarity to famous movie "stars" and their parodies are well done. To top it off, there is a two-player mode along with
- **X** great graphics and control.

RECOVING. Sega" are incoming, so keep your eyes open. And your head low.

a public service from

ASCIIWARE

LJN is bursting onto the Super NES movie-to-game scene with their latest release, Alien 3.

Based loosely on the movie, Ripley must rid a penal colony infested with, you guessed it, aliens! Help Ripley attack these lethal creatures and save the colony from destruction. Choose from a number of deadly weapons to aid in your assault. Complete any mission in each stage in any order you wish.

This takes the Genesis version and completely pumps it up. The result is an almost completely different game! The premise is the same, wipe out the aliens and rescue the humans. It wide variety of weapons like flamethroyers and pulse rifles add to the fur. The only thing I didn't like was the awkward crouching control.

Look out! Alien 3 is a great game from beginning to end. The music and sound effects are top-notch and really add to the suspense. Although the game is really nothing new, the way it shout together is really exciting. The only major complaint I have is that the levels get repetitive without much diversity in the missions.

This is one of the best side scrollers I've played in a while! Total intensity in every way, this cart delivers the sights and sounds that made the movie a hit. Great graphics and super cool weapons will have you toasting aliens for hours. The game play is hard to grasp at first but very good nonetheless. Long and tough.

This is the best Alien game to date. The animation and graphes are well done and highly detailed. There is also a booming soundtrack that really gets your heart pumping. The missions are interesting but can get a bit requitive over the length of the game. Good weapon choices but the power-up rooms make it a bit easy.

Super NES	Tradewest
Battletoads in	Battlemaniacs
Action	Now
8 Levels	8 Meg
	enosana 600

Tradewest makes you move to the mean green three: Rash, Zitz, and Pimple, or as they are rightfully called, the Battletoads! This time Zitz has been nabbed by the Dark Queen! Get mad, bad, and crazy as the 'Toads have some great new moves to show you - like the Flying Battleaxe and Anvil Swipe! However, the Dark Queen has some new tricks to show the 'Toads, and they ain't nice ones! Everybody move!

Absolutely killer! These guys know how to rock - what other game can you name where your characters look like they are having a blast bashing ehemies? This game has been long in coming, but it has been well worth the waid. The only gripe: The control configuration needs some work, otherwise this may have been a 10!

I can't believe it took this long but it was worth the wait! Battlefoads is everything it was hyped to be viith great music, vibrant graphics, and tone of enemies. The button set-up was a dit awkward to get used to, but didn't make it unplayable. This game rocks with we players. I love the cooperative attacking of the enemies!

Without a doubt this is the best looking BT cart to date. The graphics are truly amazing and the backgrounds and characters are extremely detailed. All of the best elements of the 8-Bh toads are here plus more. The game play is a little annoying because of the button set up, but a minor flaw for a great cart.

The top-notch NES game has finally made it to the Super NES. Your favorite guys in green are here with all the cool moves and action we've been anticipating. The graphics are superbly done and animated. Control takes a bit to get used when your characters slide after they strike, but it's action-packed til the end.

Sup	er NES	Konami
	NFL Fo	otball
S	ports	August

Ē	ó	
T	THE STATE OF THE S	8
	Ó	
	ന	

Konami has made a great play for the Super NES with NFL Football! Hit the gridiron as your favorite team in the NFL. Warm up in the demo mode or check out the action in the one- and two-player modes. Preview other teams in the exhibition mode, then switch to the playoffs or pick up where you left off in a saved game. If you really want to test a team's abilities, go same team vs. same team! Down, set, hike!

Frankly, I expect state-of-the art from Konami, let's face it - they make absolutely killer games. However, I was a bit baffeled with this one The scaling and rotation effects were well excluded, but they completely disorient the game play! The plays and control were adequate, but there are better football games out there.

NFL Football is a solid game with a few minor shortcomings. The scaling and rotation of the field is more sive but isn't executed very well. Also, the players seem kinda choppywhen they're running around. The voice however, is absolutely amazing with no garbled pronunciation. Overall, it's a solid game for football fans.

The concept behind this cart is very cool, but the most important aspect of a good football shouldn't be gool scaling. Concentrating on great game play is the route to go. This cart has a lot of neat bells and whistles and will delign the eyes and ears. The game play suffers from poor control and confusing interface.

Konami's the king of action games and they might have extended themselves with this sports title. The graphics are decent and there are pleuty of plays and options but it doesn't have the playability of other football scarls out there. These games are difficult to program and this one could've used a bit more control.

You've got to be fast to last.

In Street Fighter II Turbo, slow doesn't go. Because extensive training has not only made the 8 fighters and 4 grand masters faster and stronger. It's given them a whole new arsenal of kicks, punches and special moves. Get revved for 78 possible

matches, where if you're not fast, you'll never know what hit you.

Ryu must blow out Chun Li's new fireball move with his new mid-air hurricane kick

Dhalsim executes his Yoga Teleport to avoid getting burned by M. Bison's psycho crusher.

In Las Vegas, tonight's fight is Blanka's new vertical ball versus Vega's claw.

Super NES	Seika
Trod	dlers
Puzzle	Now
175 Levels	4 Meg
and the same	

Troddlers is toddling onto the Super NES with the help of Seika. This spunky puzzle game features you as guardians Hocus or Pocus or both! Opt for the training mode, Hocus vs. Pocus, or the team-up mode. You must lead these lost guys to safety and it's quite a chore. The troddlers can walk on walls and even walk upside down. Hocus and Pocus must plan a blocking strategy to get the Troddlers to their exit.

Liked Lemmings? Then you'll probably like Troddlers. The objective is the same: You must help cotte little critters, Troddlers, get to the door and exit several levels. The control is a little rusty and therefore hampers the rame somewhat since it relies on precision but using a mouse eradicates that problem.

The concept behind Troddlers isn't exactly new but the game is great. The control with the pad is a fact confusing but hook up the Super NES mouse and it becomes a breeze. The various game modes are great and the music is beautifully composed. The huge amount of levels will keep you busy as well.

I like Troddlers because of the variety of different puzzles and themes throughout each level. The game play is solid and fans of Lemmings will enjoy every bit. The mouse is a good change of pace and adds to the computer/like feel. The game has tons of levels and really cool music. Interesting and challenging for all.

It's another mind-bending game on the order of Lemmings. This one has some interesting puzzles but doesn't quite contain the appeal of others in this category. Also, the control is ten hard to get used to and is made more for a mouse than a control pad. If you have the mouse the game is fun, but just not exceptional.

Genesis	Electronic Arts
B.	O.B.
Action	August
8 Levels	8 Meg
CARAGO AND AND AND ADDRESS OF THE PARTY OF T	

B.O.B., that funky keen alien teen, is coming to the Super NES compliments of Electronic Arts. On his way to pick up a blind date, he crashes his old man's space vehicle on an unknown planet full of weird creatures. Now he must get to his date at all costs and without transportation. It will take reflexes and brains to complete this quest on a hostile alien planet full of strange devices and creatures. Is she really worth it?

B.O.B. is a cute character and his many antics and death sceres are amusing, but he suffers from Buby's disease: too much cuteness and not enough game play. B.O.B. has quite a few levels in it, but after the first two or three it becomes repetitive and boing. There are plenty of weapons and gadgets, but it isn't enough.

B.O.B. is a good side-scrolling action game for those who don't want too much action. It's a relatively run game but the lack of many engines makes the game seem slow and fedious. Also, the music does leave something to be desired. The good points are the smooth play control and the number of items to use.

Bring your Own Bot! While there's not much different from the SNES version, it doesn't mean that this cart has less to offer. The graphics are good and the character animation is very smooth. The game play is the same with lots of cool weapons and mensious levels that really deliver hours of fun. A bit repetitive.

B.O.B. is back! This is almost an exact copy of the Super NES version, but I didn't care for it that much on that format either. The problem is the awkward control and the lack of anemies that you encounter in each area. The character is cute, but playability suffers and action needs to be stepped up. Cool tools!

Genesis Koei			
P.T	.0.		
Military Sim. August			
N/A Levels	8 Meg		

Armchair generals, prepare yourself for some of the most explosive
sea and air battles. Koei has exploded onto the Genesis with their new
cart ready to challenge the most
seasoned war simulation strategists.
Choose from a number of WWII scenarios and relive history or simply
rewrite it by making diplomatic proposals or plotting out military plans.
The armed forces need a strong
leader. It's time to take command!

I usually like these strategy games, but sometimes a cart tries to be more than the limitations allow. P.T.O. will probably be more effective on a bigger platform because it doesn't guite hack it on the 16-Bit system. The action is somewhat slow and sluggish, and not very exciting. Fans of WWII history will probably like it.

In two words: sensory overload. P.T.O. is one of those games that will really appeal to strategy players. There are lots of scenarios to finish and the game can take any course of action. P.T.O. really requires a player to at down for hours to enjoy the game. The game is good but a bit complex for the average gamer.

Not my cup of tea, but I have to admire the detail and compleating of this cart. The main emphasis is of game play and there is tons of options and little details that simulation fans will flip over. Prepare to log in mega hours just to plan out your attacks and develop winning strategies to defeat some pretty tough opponents.

Dive right in if you're a war hero without a war to fight. This is a decent simulator with all the options, aption, and strategy you'd need. Personally these games don't entertain me for too long. This is one of those games you either spend loads of time getting inte, or it just passes you over. It's decent but not my bag.

Heroic Battles in a Galaxy Far, Far Away

Take one Corellian smuggler, a kidnapped princess, a clod-kicker from Tatooine and the last of the Jedi Knights and you have the Empire's worst nightmare -a new hope for freedom. Join Luke Skywalker, Han Solo and Chewbacca on the greatest adventure the galaxy has to offer -Super Star Wars.

Blast your way through Jawa territory and into a bar room brawl at Mos Eisley Spaceport. Evade lethal storm troopers tenacious alien forms, and and challenge the Lord of the Dark Side himself, Darth Vader.

All this, plus the incredibly intense 3-D graphics, music and sound effects that you would expect on the Super NES and demand from the people who brought you this classic movie saga. So grab your blaster, strap on your light saber and take on the Evil Empire in your quest for galactic freedom!

Ahoy, Matey! Microprose has struck gold on the Genesis with their new swashbuckling action game, Pirates! Gold.

Brandish your sword for grueling duels on the decks of enemy ships from all across the globe. Back on shore, stop by the local tavern to recruit other scavengers and get valuable information. Select your crew from six different time periods and set sail for high seas terror!

Another involving RPG game! As a pirate of the high seas, you do everything: Engage in ship battles, get food and provisions, select your crew even engage in sword fights. The password function is a must with this kind of game. The graphics are excellent, but the control on the sword fights is choppy.

This game gets points for an original theme but falls short in overall play. The action can be fun when sword fighting with other ship captains and even exploring the high seas. Phates can be a bit complicated for the younger crowd, but for those who like to sit and think when playing games, this could be a good one.

Here's an old favorite from the computer with better game play and improved graphics. The game is basically a mix of pirate role playing and adventure. There's a lot of involvement is raiding the other boats and finding towns that are safe to stay in. The sweet lighting scenes could have had a bit more interaction to them.

This is a cool sort of adventure game. You get to be a swashbuckler who is the captain and hero. It combines action with adventure and strategy in all-out action game. The graphics are crisp and colorful and the fighting is very easy to get used to. Complete with passwords, this is a game worth getting into and exploring.

Genesis	Absolute
To	ys
Action	Now
4 Levels	8 Meg
LIVES PEANUT	SUN POWER

Bet you didn't think Toys could cause this much trouble? This new cart is 'Absolute'ly a toy!

Based on the recent movie of the same name, you are charged with saving your father's toy company from the clutches of your evil uncle. Surround yourself with some of the friendliest weapons you'll ever want to meet! Watch out for the security cameras; they will blast you with lasers from their eyes! Eeekk!

I absolutely hated the movie, so I was hoping this would be pretty good to make up for it. I was wrong. The graphics are adequate, but the goody perspective (it's almost impossible to hit anything) and hokey attack weapons (love that peanut shooter) left much to be desired. The sound needs work, but the control is OK.

The movie was a snore and the game isn't the greatest either. It's a very repetive game with no real on and an unoriginal theme. The saving space is the number of items to use and the very colorful graphics. The perspective is an eyesore and can be tough to hit enemies. With a bit more variety, it might have fared well.

Toys is a tough cart to make good, because the movie fts based on was mediocre at best. The graphics are OK and the game play is repetitive and uneventful. The different toy power-ups are a good idea but there's just not enough substance to not this cart together. A bit faster than the SNES version.

The movie never made it big and neither does the game. The concept behind it is sound but the graphics and playability leave a lot to be desired. There is a good choice of toys to use but the repetitive targets make it borns to play. The perspective also adds to the disorientation and decreases playability.

Sega CD	Tengen
Robo	Aleste
Shooter	August
8 Levels	CD-ROM
N-00013930 - SPEE	LEFELO POR
× de S	Mac

Tengen's rockin" Robo Aleste is rolling onto the Sega CD.

The year, 1556. The place, Japan. The event, civil war! You are a member of the "White Fang" army decked out in your latest prototype armor, Aleste, and you are defending the honorable Nobunaga Oda. Adjust the difficulty settings and check out the awesome soundtrack in the options mode. Utilize all weapons. Keep a steady hand for this shooter!

Robo Aleste has the requirements for shooters: great sound effects and plenty of power ups. However, the one-hit-wonder aspect and the extraordinary difficulty hamper the overall effect. There is little if no slow down the explosions are dynamite. The graphics are also very well done with plenty to look at.

A Sega CD game that uses some of the special features? It's fiere, Robo Aleste is a great game for those who really enjoyed the old game M.U.S. H.A. on the Genesis. The music is good and the levels are extremely long, You may even spot some scaling techniques it yo don't blink. A great shooter to add to the collection.

I was expecting a total kick-butt, M.U.S.H.A.-on-steroids game from these folks and sad to say I'm disappointed. The game is very good, but there's nothing more than CD music to set this game apart from cartridge shooters. The power-ups are cool, but the bosses are unoriginal and at times the game is very unfair.

Robo Aleste is a good shooter but it just doesn't add anytting to what's already out there. There are several power-ups and graphics are good but the overall effect is just above average. The big drawback is the fact that you die too easily. The game is challenging but it's value is dropped by the barrage of enemy fire.

*Mario Andretti

hen Nigel Mansell entered the world of Indy car racing, he knew his biggest competition would be Mario (the driver, not the plumber). In his debut Indy car race in Australia, Mansell stunned the racing world by upsetting Andretti, and capturing the checkered flag. Now you can relive Mansell's march to the Formula One crown with Gametek's NIGEL MANSELL'S WORLD CHAMPIONSHIP RACING. Every other racing game for the Super Nintendo is left eating dust. No other racing game puts you in the driver's seat like Nigel. Featuring a first-person hands on perspective, 16-International Formula One race tracks, totally customizable Formula One cars, randomized weather conditions and even audible hints from the man himself. Nigel Mansell. So, see for yourself why reviewers are calling Nigel Mansell the best racing game ever available for the Super Nintendo Entertainment System.

Blow it but don't pop it in Bubble Bobble 2 from Taito for the NES.

You've been magically turned into that bubble-blowing dragon again. This time you're off to save your girl-friend who has been kidnapped by the wicked wizard. Your skills include blowing bubbles and floating through air. The two-player simultaneous option has been replaced by alternating players one and two. Get ready to burst some bubbles!

The little green critter you control is cute and the game is very playable. It takes some technique to ligure out how to use your weapons, but is easily mastered with a few playings. The graphics are very good, especially the way your character moves, and there is hardly any breakup or slowdown. A great game for little kids.

I really like platform games and Bubble Bobble 2 has only raised my expectations. The backgrounds are very colorful for the NES and the game plays pretty well. While looking like it's meant for kids, it actually has some strategic value tool For even more fun, try the two-player game and battle to win!

The NES is still a great system when it comes to playing old areade style platform games. This seque has the elements of the first combrined with some cool new features. There are tons of levels and enough technique and challenge for hours of fun Fans of the original will have take a look at this revamped cart.

The cute arcade classic comes back to the NES. The control is a little hard to get used to, but once you do, you will easily master all the moves for need to have a great time with this game. It might be geared for the kids, but fans of the game can enjoy this salid. NES version. Lots of levels and bonuses to keep you busy.

NES	Capcom
Mighty Fi	nal Fight
Fighting	Now
5 Levels	4 Meg
PLAYER ENEMY	⊐ RD I PL ×5
	24,

Mighty Final Fight is battling its way onto the NES via Capcom.

Mayor Haggar's daughter Jessica has been kidnapped by street scum and he is determined to get her back. Cody, Jessica's boyfriend, and his best friend, Guy, are there to help Haggar stomp the bad guys into the ground. Each character has a special move: Haggar - Clothesline, Guy - Roundhouse Kick, and Cody - Spinning Kick. Get the girl!

Capcom made a very smooth move with this game in almost mating a parody of final Fight! For a two-bitton fighting game on 8-Bit, Mighty Final Fight is one of the best for the NESI All three characters have been relatined here, and the remarkable thing is so are their moves! However, there is some horrible breakup.

Cute! Mighty Final Fight is a great parody of their terrific Final Fight. The characters do their powerful attacks just like before. While it is only a one-player game, the pure un and originality make up for this loss. Overall, it's a great game that every age group an really enjoy. Some terrible breakup, though.

Final Fight for 8-Bit! Joy! Why? I don't know, but surprisingly, this cart really packs a punch. All times gharacters from the arcade are here and they have their special moves too. The game play is very good with lots of techniques and plenty of action. A bit slow at times but bad flicker when the action gets intense.

This is a neat parody on Final Fight. The graphics are good for the NFS and all the moves from the other versions are here. They managed to keep all the characters but it's only a one-player game. For 8-Bit it's an excellent job and a good spoof, Even if you're not a fan of Final Fight, you will enjoy the cartoon-like look and feel.

Nigel Mansell WC Racing	
Driving	August
16 Levels	1 Meg
140 mph 6th 0:56.7 0:86.2 1ap 1/5 pos 12th	

For Formula One racing at its best, Nigel Mansell's World Championship Racing by GameTek for the Game-Boy is definitely worth a try.

Select from one of 16 world circuit race courses. You must first complete the preliminary requirements: a tune-up, angle of the airfoil, and transmission type. Then race one lap for the best time to qualify for a pole position. Once on the starting grid, put your pedal to the metal!

Some themes were never really intended for GameBoy, and racing to definitely one of them! Trying to get the road to scroll fluidly can't really be done on this portable system. However, there are several tracks to try, and the detailed options are also helpful, but when it comes down to the actual racing, this game falls behind.

Racing games really never offer anything new or exciting, but this is one of the better portable racing games on the market. There are tons of tracks to race on, near perfect control, and even decent graphics! Of course, there is some blurring but not enough to distract you. This is a very good portable racing game!

I didn't expect too much from a GB driving game but, what you get is better than the average cart. The game is loaded with tons of options and with sixteen race tracks to choose from you'll keep busy. The obvious problems are blurring and the tiny bit of the track you see because of your oversized car.

A racing game takes a lot of detail to maintain your attention and on GameBoy that's very hard to do. This is a good attempt but lacks the feet of the road. Still, it has several tracks and options to help it along. As a portable, it's decent but if you had your choice, you might grab something else for a long trip.

QUARTERMANN'S

Q-LETTER FOR EGM SUBSCRIBERS ONLY!

SUPER STREET FIGHTER STORMS OSAKA...

...Beginning early June, Capcom put their latest update on the SF2 sensation on display at arcades in Osaka, Japan, ending the spec that yours truly had broken in the pages of EGM some months back. While a full report from the head ed at EGM is forthcoming, here's what the Q-Mann can tell...The latest chapter in the Street Fighter saga is being tested as Super Street Fighter! The play mechanics remain extremely similar to the original, with two 'zoids going one-on-one using punches, kicks, etc. New characters and locales have been established to keep SSF fresh, but the game play does little to waiver from the proven formula of its predecessor. There are two separate modes to the game, and virtually all of the original characters are back. Reliable sources tell the Q that Capcom will be building in much more of a back story into the new characters to help give each World Warrior a distinctive identity (the kind of stuff that helps convince kids to buy action figures and comics). Semradius, barely recovered from his recent life sentence (oops, I mean marriage) will jot down the complete story for EGM...

...Speaking of comic books, hold onto your EGM's my little Quarter-friends, because the April and May issues are the only place anyone will ever see that Street Fighter 2 comic again! Seems the white shirts at Capcom had a change of heart and decided against the comic after all! Not to worry, kiddies, because Malibu has already snagged up the rights to Mortal Kombat! Look for Goro, Raiden (or is it Rayden, I can't figure it out) and the rest of the Mortal Kombateers to trade shots courtesy of Malibu sometime soon (wherever their war takes them, I'm sure it will start in the pages of EGM!)...In other MK news, Williams is reportedly tweaking an enhanced version of the game for release this fall, while a sequel could be more than a year away. To keep you occupied in the meantime, however, the Q-Mann has caught wind of an official players guide to the game that should hit sometime in September...

ATARI JAGUAR - HOW MUCH BITE IS BEHIND THE ROAR?

...During the Summer CES, Atari & Co. showed-off a video of their upcoming Jaguar console, as well as pix of the unit for VIPs like yours truly! The system is housed in a small package that bears an amazing resemblance to the early PC Engines. The video on the show floor was marginally spectacular, but the tape being shown behind closed doors was incredible. The machine's ability to manipulate objects and fill the screen with 3-D environments is clearly head and shoulders above the competition - including a lot of what 3DO can do! The polyheavy positioning of the machine (which was developed by Flare in Europe) makes it an ideal platform to out - Starfox the Nintendo hit, but could also be a limiting factor in producing conventional run-and-shoot softs. Still, running at a rumored 25MHz plus, the Jag should be able to do some rippin' things..

...The big Jaguar news, however, concerned Atari's rumored marketing plans. Although Atari claims to be cash rich, the company is privately said to be worried about the drain that an appropriate console launch could have on the overall company. Hoping to hedge their bets and align Atari with a top-level force, the show buzz had Atari joining forces with IBM to co-produce and possibly even co-market the new machine. Although neither Atari nor IBM would confirm this to the Quartermann, plenty of people behind the scenes were giving a wink and a nod to the concept that something truly big was impending with IBM. If true, the Jag may have found a home that even the Q-Mann would be comfortable with...

...That about sums up this installment of the Q-Mann's behind-the-scenes coverage of the CES. Look for more stuff too harsh to print in EGM to make it this way next month, along with some interesting rumors about Nintendo's plans for the future. Until next month, avoid SPAM at absolutely all costs...

QUARTERMANN'S TOP TEN REASONS WHY EGM IS #1!

Sure, we all know that EGM is the best, but how did the mag get to be number one? It sure didn't come easy! The Q-Mann did some probing to get the whole truth and to find out how EGM gets put together every month...

- Genetically-enhanced employees that require no sleep and run on Sonic soda.
- Where else can you read a magazine that has an editor named Nob?
- Polybags! Polybags! Polybags! Not only do they hold your free stuff in, they're also guaranteed to contribute to the destruction of the ozone layer.
- 7. It's the snazzy UPC code on the front of the magazine.
- 6. Hey, we got Andy!
- Short lead-times allow EGM to be first with the info and fit into small boxes a lot easier than long lead-times.
- 4. Insect Politics.
- Tasty "Salmon Surprise" in basement vending machines given out to best employee of the month.
- 2. Street Fighter 2 Covers!
- 1. Tie:

EGM has the best stuff first. A booming circulation and the most ad pages don't hurt much either. and

Ed Semrad's calendar

THE Q-MANN REVIEWS... SUPER MARIO COLLECTION

...While the Q-Mann initially questioned how a company like Nintendo can get away with repackaging their old games by dressing them up in 16-Bit graphics, I must truly say that this collection of blockbuster Mario titles, now being offered up with 16-Bit enhancements, is actually a lot of fun and worth every penny if you're a Mario fan.

Nintendo has taken the classic 8-Bit games and, while retaining the feel and play technique of the original titles, injected them with Super NES good looks. The games are virtual carbon copies of their 8-Bit cousins, they just look a whole lot better than the Q-Mann thought they ever would.

The package comes complete with four separate Mario missions, including the original, the two sequels, as well as the Japanese sequel to part one. This title is particularly powerful when you boot up the Japanese sequel which takes Mario through obstacles that were seen in complete form by very few in the states (portions of the game did make it into the original Mario adventure).

Combined with the other Mario games, however, this title really shines as a sharp example of how solid game play can be further enhanced by great graphics. Now, where are your NEW games Nintendo?...

THE Q-MANN PREVIEWS... SONIC CD

...Get ready for the big ticket item of '94 - Sonic CD!

This little gem is everything that a CD action title should be, with bigger worlds, better sounds, and a wild story that interlaces the adventure with a running technique that must be mastered if the game is to be completed.

With dozens and dozens of levels, each containing its own obstacles and unique feel, Sonic CD takes action games to a whole new height! Sonic must traverse the variety of dangers that relentlessly appear to not only survive, but to also solve a larger puzzle involving time travel. Only by completing certain tasks in certain orders can Sonic

unlock the barriers of time. By changing events in the past by completing the levels, Sonic changes the future (levels of the game). If the future is not changed in the correct manner, the blue guy can't advance and must go back in time!

Sonic is also joined by a new friend that tags along in much the same way Tails did (whoa, do I smell licensing or what!!!), and the whole package is further enhanced with some sharp intermissions and really cool tunes.

Although the Japanese will get to sample Sonic on CD this fall, Sega of America is making further changes for the U.S.

TWO POWERFUL BROTHERS, TWO DEADLY ARMIES, ONE SURVIVOR.

A GAMING EXPERIENCE ONLY POSSIBLE ON CD.

TURROGRAFX IS A REGISTERED TRADEMARK OF NEC TECHNOLOGIES. INC. (© 1992. 93 HUMAN CORPORATION. WORKING DESIGNS. VASTEEL IS A REGISTERED TRADEMARK OF HUMAN CORPORATION. LICENSED FROM HUMAN CORPORATION. AND CONVERTED BY WORKING DESIGNS. 1835 CLEAR CREEK. ROAD. REDDING. CA. 96001. FOR A DEALER NEAR YOU. CALL (916) 243-3417 EXT. 190. WE VE ALWAYS WONDERED WHAT KIND OF PEOPLE TOOK THE TIME TO READ THIS NOWSFINES. NOW WE KNOW.

Speed demons, have we got a game for you! Speedy Gonzales is whizzing by the GameBoy courtesy of the folks at Sunsoft.

Gonzales is a wanted mouse. He has swiped cheese from the best of 'em. Now he is on the run, literally! Guide the little hombre through the dangers of twisting maps. Eskimos, sharp saws, and freezing waters will cause him much harm. So grab the cheese and go! Arriba!

Title aside, what we have here is basically a Sonic-type running game for GameBoy. However, Speedy is a gleasant time passer with enough tachrique involved to keep one satisfied. The levels get bigger and harder, but the bosses are very weak. Probably the best feature is the password option.

Speedy Gonzales is one of the better action games on GameBoy in quite a while. The game prays very smoothly, excellent play control and good music. The idea of mindlessly running and collecting items is nothing new but it is presented very well. The password feature is a very nice touch.

Sonic Gonzales, oops, I mean Speedy, is a fun game that it is the GB well. The scrolling is pretty fast but blurring is kept to a minimum. There are lots of techniques and jumps to master and there's even a loop-to-loop. Great game play and solid running and jumping action combined with a great character. Yeehal

Arriba! The fastest mouse in Mexico is racing to your GameBoy Screen. The funny cartoon character stars in his first game filled with animation and scrolling. The effects are good for GameBoy and the graphics are snapp. There is a lot of tricky maneuvers and the password features is neat. The bosses could be better.

GameBoy	Nintendo
Zelda: Link's	Awakening
Action	August
N/A Levels	8 Meg
603	
	් පාල්

Add another link to the Zelda chain for GameBoy from Nintendo!

Link has shipwrecked on the mysterious island of Koholint. Now abandoned and lost, he is discovered by the lovely Marin who brings him to an unknown world, only the evil god Wind Fish has other plans for Link! Travel through eight different dungeons to flee this dreaded world. Search for musical instruments; they will aid you in your escape!

Amazing! This GameBoy version of Zelda is almost as good as the Quer NES version! What Nintendo allor't do was simply make the exact same for the portable system; instead they made a completely different game altogather! Some of the new options, like your ball-and-chain buddy, are great!

Can Nintendo do no wrong? This game is thankfully not a confident translation of the Super NES version A totally different story with incredible graphics and beautiful sound are the real high points. The only drawback is that this game could have been perfect as a sequel to the Super NES version! A great job!

I'm not afraid to give a deserving GB cart a 9. Zelda is a macterplace and by far one of the most involving and fun games to play on the go. Tens of mysteries and game play that just won! quit are part of the fun. New characters and Mario-type action are also present for a whole new feel to role playing. Battery back up too!

This is probably the best GameBoy translation so far. It has all the features and functions of the NES version of Zelda and then goes beyond to add some new stuff. This is definitely a game to have for those long rides and thoma classes. The story and characters are walf crafted and the graphics are great for the system.

No wrestling in the house? You can now with Flying Edge's new GG cart, WWF Steel Cage Challenge!

Pick your opponent from twelve ferocious wrestlers. Then decide how to slam them, one-on-one, tag team, WWF championship, or tag team championship! Play it safe and stick to regular ring wrestling or live on the edge and surround yourself in an inescapable cage! Pound your enemy with many damaging moves!

Ah, more wrestling. Not my favorite game theme in the world, and WWF Steel Cage Challenge really gight move me. The graphics are chorpy, and the character movements are stow and sluggish, with very limited moves, not anything like the monster 16-Bit ersion. WWF fans may disagree, but this didn't do it for me.

Wrestling games are a blast and this one isn't too shabby. All the big-name wrestlers are here and the matches are great. Now, the drawtacks are the choppy animation of the wrestlers and the movements which are agonizingly slow. Otherwise it's a good game to play on those long car trips.

If you're a wrestling buff than maybe this cart will strike your interest. Ten of the most famous wrestlers from the WWF and the infamous steel cage will keep you brawling and slamming your way to the top. The graphic are decent, though a bit choppy. The game play is good, but the action gets old rather quickly.

Normally I'd jump right into a wrestling game but the look of this Game Gear version is a bit weak The characters are there and they have their special moves but the small screen portable version loses something. The big problem is the choppy and slaggish character movements which should get the most detail.

INCREDIBLE INTERCEPTION.

TOO BAD HIS FOOT

"THE WILDEST, GORIEST FOOTBALL GAME EVER! IF THE TACKLES DON'T KNOCK YOU TO PIECES THE LAND MINES WILL!" - EGM

Slide the ref some dough to pick up a few extra yards against your opponent: you never know what he'll call.

Choose from over
50 plays, from
Deathbone to
Blitzkrieg, or call

after it. WHOAAAAAAA!

So there I was, sitting in the living room, channel surfing with the remote when I get in that mood - you know - for some Super NES® Action. I reach for

my new hockey game, **SUPER SLAP SHOT**, and strip off that weird plastic, the kind that always sticks to your fingers when, BAM! OUT FLIES A PUCK that nails me in the face and two of the biggest mashers I've ever seen hauling

Next thing I know, I'm wiping ice out of my eyes, it's really freakin' cold and I'm standing in a ref's outfit in the middle of a rink in front of thousands of screaming fans. Those same two guys whiz by me and

slam up against the wall. They start **shredding** each other, the crowd goes off and I'M supposed to send THEM to the penalty box?! YEAH, RIGHT!

They ain't havin' it. They come screaming down the ice like I'm the puck and Check Me so hard, I'm sent flying back into my living room, TRIP OUT!

I dive for the Super NES® controller under the sofa cushion and now I'm in control of this game.

YES! 32 teams to choose from, exhibition or tournament mode, fighting and shootout practice, adjustable team skills and aggression, ref's that

range from "tough" to "blind," fourteen pages of hot stats, ballistic skating and throat-ramming slap shots!

ENESIS X-TRA AVINGS

TOP TEN "STAND STILL ANIMATION

Everyone wants to get to the action but the latest trend is to leave your character alone and see what they do when they're just standing still. From the first original toe-tap to the multisequences of today, these characters have come a long way and are really developing their own attitudes

OLAF THE STOUT

A nasty little habbit makes a hilaroius change of pace. SPOT

Don't try to rub these guys out,

they are too cute and too cool.

BUBSY

This bobcat takes the initiative

and tries to wake you up.

CONGO'S APE

Not excatly appropriate behavior but it is a great move

CHUCK ROCK

A prehistoric reaction from this unlikely hero.

BUSTER

He rocks to the beat with his youthful attitude.

TAZ-MANIA

This wild beast rants and raves

when he gets bored.

ROCKY

Rocky feels left out standing alone and bursts into tears.

SONIC

The original toe-tapper has set the trend from the beginning.

PUGSLY This mischief maker does many antics like this snack time

Is there no stopping Street Fighter 2 mania? Just when you thought it would strart to lose popularity and climb down the ladder, the new version is released and strengthens its hold on number one. It could be a long time before any game can kick it off the mountain.

STREET FIGHTER 2 TE/SNES Its first showing but its bound to

be here for a while

STREET FIGHTER/SNES It actually went down, but only

because of the updated version

MORTAL KOMBAT/SNES The bloody battling games stays

hot on the heels of SF2.

MORTAL KOMBAT/GENESIS

The gory fighting game holds on under its Super NES counterpart.

SONIC 2/GENESIS Sega's character holds its own in

the sea of fighting games!

AXELAY/SNES

One of the top shooters of all time isn't going down that easily.

CONTRA 3/SNES

The classic cart is here to stay holding a respectable spot.

FLASHBACK/GENESIS

The cinema cart hangs tough due to its smooth animation.

STARFOX/SNES

Can the FX wonder work its way up the chart?

TNMT 4/SNES

At the bottom of the list, the turtles still manage to hang on.

Please Note That The Editors' Picks Represent EGM's Favorite Games and Not All Titles May Be Available When You Read This. Prototypes Are In Red.

Capcom's STREET FIGHTER 2 TURBO

great softs! Capcom showed off their prized Street Fighter 2 Turbo and totally blew us away. This game is even better than the first cart! Other strong titles included Aero from Sunsoft and Super Mario All-Stars from the big 'N.' Don't forget Mega Man X and Aladdin!

- Top Ten nominations change each month with all-new favorites! New entries in red. These nominations are good through August 31, 1993.

Wake up and smell the locker room. Konami has sealed your multi-million dollar contract with NFL™ Football for the Super NES:

High step with the best when you run with the pros.

Find yourself in an arena of giant hulksters running, stiff arming, spinning, bursting, diving and basically trying to rip each other's heads off. In the heat of battle, a fumble could lead to a 60 yard TD run. The running game here is second to none. You can also gain yardage with intricate and challenging passing plays. Master each move with the precision of a pro whether you decide to go Across the Middle in heavy traffic or run a Post Pattern long.

Stop runaway freight trains with

your bare hands.

Commanding the action takes all six buttons on the Super NES controller. Use them to harness the power of these speeding walls of steel. Each athlete moves with smooth accuracy digitized from actual human movement. So with great agility they will carve a tunnel in your torso.

Y in the three transfers of the transfer

Mode 7. More exposure than the swimsuit issue.

You'll have plenty of camera exposure in the only football game to fully harness the Mode 7 power of your Super NES. The radar Mode 7 coverage zooms in at just the right moment so you don't miss a single bone-crushing play. Not your run-of-the-mill cheap visual thrill.

Fly with official NFL teams and colors.

You own all 28 pro teams armored with their official team colors.

Play in the authentic stadiums where the gridiron greats battle. Go from the artificial turf and glaring lights of the Dome to the frozen tundra of Cleveland

outdoors. Snow and mud get worse as the game goes on till you're wishing stickem was legal again.

You make the call.

Grab the controls, make it happen.
Execute your strategy using two
playbooks - one standard NFL,
the other geared to each team's
trademarks. The exclusive Artificial
Intelligence feature helps determine the
most devastating course of action depending on
field position, down, yards-to-go, time remaining, quarter
and score. Call your audibles and show the opposition

HONOLULU, HAW

SCORE BIG OR STAY HOME.

Win a trip for 2 to Pro Bowl '94 in Hawaii! Check the September, 1993, Vol. 52 issue of magazine for the password that gets you into the

how it goes. Stick a fork in 'em, they're done!

special contest level. See game package for details.

...Sonic CD Update...Bandai Debuts Portable Super Famicom...Hudson Hardware Gets New Name... ...New Baseball Game On the Horizon...Konami To Pack Lethal Enforcers With Gun...Bubsy 2 In Production..

Whaddaya say, boys and girls, the bold and beautiful Q-Mann has appeared once more to tantalize your curiosity with the latest and greatest dirt from video gaming's most sordid underside. Yours truly has been making the rounds this month, going Tokyo to Chicago and back again to get the inside word on the hottest new developments from hardware to softs. So sit back, relax, and soak in the inside word - I guarantee the nougat will fly...

...Let's dive in on the soft side with a Sonic CD update! The buzz on this game has reached horrifying proportions, but from the early protos I got my hands on during the Tokyo Toy Show, this game looks to live up to any expectations the white shirts of Sega may think you have! The game is absolutely huge, with a cool time traveling theme and new characters. There's no Sister Sonic to be seen, but the blue boy does have a new admirer named Amy (filling the Tales role from part two). Look for Sega to punch in with this 70+ level monster in September in Japan and a little later in the U.S...Got my hands on Virtua Racing at the same show and it is FAST! Great movement, although the landscape was not quite as active as the coin-op and the copy I played was devoid of opposing racers...

...Looking forward to the 3DO, or maybe the Jag? Dig on this piece! Bandai has created a portable Super Famicom console! There's no price or release date on this hunk of hardware, but the Q-Mann did give it a spin recently and the color LCD screen is truly awesome! Add in hard-wired controls and you've got a fantastic machine that Nintendo will probably never approve (and, consequently, never see the light of day)...Rumor of the Month: Capcom has buried a secret code in the P.C. Engine version of Street Fighter 2-Champion Edition that beefs it up to Turbo mode! Who's going to be the first to find this five-star gem?...

...Hudson's hardware heads are putting the finishing touches on their upcoming unit, now being called the Iron Man, for release later this year. Nob-X overheard that this 32-Bitter is being outfitted with a new disc access system to eliminate the down-time plaguing other Hudson consoles...O.K., O.K., so my buds at Sega are telling me that they didn't know about the SF2 thing. Well, we won't quibble. Anyway, the "enhancements" that Capcom so generously described to the head ed for the last issue turns out to be the Turbo Edition. So, Nintendo fans get the game in July and Sega lands it in September. The Nintendo rev is much, much better blowing away the original by a mile!

...Look for a revolutionary new 16-Bit baseball game to hit the stands sometime next year. This multi-angled beauty is rumored to have some of the hottest visuals the world has ever seen! EA, you ask? No, no, no. It's from the other sports game company...Is it just me or is the resolution to the Star Trek: TNG cliffhanger pretty apparent? Hugh-Borg smashes Lore-Borg and saves the universe! Pretty simple, eh?...

...Konami, long-known for their introduction of new peripherals packaged with software (which the world never sees again), has announced to yours truly that their gotta-have shoot-out, Lethal Enforcers, will be bundled with a six-shooter of its own! Konami claims that the Super Scope can't handle the heat of LE, but personally, I think they're looking for something to do with all the plastic left-over from melting down unsold copies of that old voice-activated thing...The Bubsy 2 design team is already rumored to be hard at work at a sequel! With a TV show and other licensing doo-dads on the way. Accolade's gotta deliver the cool cat in some more goods...The Quarter-fiend has discovered that T*HQ, long known for their jolly good licenses, has pulled down the rights to the upcoming Fox animated series, Operation: Aliens...Rum-or has it that the big boys from the Toy Headquarters are also looking into rights for The Shadow, based on the movie now in production...

...Even though Super Mario Bros. arrived in theaters DOA, that hasn't stopped producers from starting Double Dragon: The Movie (starring Robert Patrick of T2) and Street Fighter 2: The Movie (a \$20 mil projected headed up by Hollywood honcho Ed Pressman)...Martin tells me that Mortal Kombat 2 is at an arcade somewhere around the EGM offices in Lombard. I'm catching a plane to test this out - look for the full report next issue. Until then, try not to play with your twinkies...

UARTERMANN

MORE 3DO SUPPORT

The 3DO Interactive Multiplayer will be showing up as soon as September 1993, and it represents the latest in state-of-the-art, cutting edge technology that will stand apart from other high-resolution audio/video products in today's market! It will retail for about \$700.

Like any home system, the 3DO Interactive Multiplayer attaches to your home television and stereo system - and will be particularly effective with stereo surround equipment.

So far five companies have joined on as partners of this technologies: Matsushita, AT&T, Time Warner, MCA, and Electronic Arts.

Boasting performance 50 times greater than anything on the market, the 3DO system can process an average of 50 million pixels per second, where a 16-Bit system can only process one million pixels of animation per second. And where 16-Bit systems have 256 on-screen colors, the 3DO system has 16 million colors with 640 by 480 pixel resolution!

The applications for this new system aren't limited to entertainment only. It can also be used for education, information applications and many other uses.

The system is also fully compatible

In this corner the Panasonic 3DO Interactive Multiplayer.

Electronic Arts will offer Road Rash: Blood of the Couriers.

with existing video CDs, photo CDs and audio CDs.

One of the more interesting aspects of this system, entertainment-wise, is in the area of motion pictures. Instead of passively watching a movie, you can actually take part in the action with this system, playing (seemingly) a real character in real situations! Flight simulation is also given new meaning, as Dynamix will be doing a version of Aces Over Europe. These are a few of the things to look forward to.

Panasonic used to be the only company developing a home 3DO system, however, Sanyo is also developing a system of their own. The competition in this field is already starting!

...and in this corner the Sanyo 3DO!

The competition is starting!

The 3-D space epic Shock Wave by Electronic Arts is also coming!

Yes, there is even something for chess fans - BattleChess fans!

JAGUAR, PORTABLE SUPER FAMICOM & WONDERMEGA

NEW FROM ATARI: THE JAGUAR

As the competition between home video game systems intensifies, one veteran is planning to re-enter the contest and come out the winner with one of the biggest and innovative systems yet!

One of the most popular names in the home video game industry, Atari, is poised to release its latest home entertainment system, the Atari Jaguar. The Jaguar system will have have more than 16 million colors with 24-Bit color graphics to give a true 3-D effect. It uses the Ataridesigned 64-Bit RISC processor as well as a Digital Signal Processor for the audio. The latter provides 16-Bit CD stereo quality sound. The system is intended to retail for \$200 and will include a ten-key pad controller, and also a game.

Both champions of the current home video game scene, the Super Nintendo and Sega Genesis each are 16-Bit. The high-powered Neo• Geo home game system is 24-Bit.

Fans of old Atari games like Battlezone and Tempest to name a few, will have a blast from the past with updated versions renamed Battlezone 2000 and Tempest 2000 for the Jaguar. Other new titles include Jaguar Formula One Racing, Cybermorph and Alien vs. Predator. There are plans to include third party publishers in the future.

As for the unit itself, playing games is only the beginning: there will be a 32-Bit expansion port which can be connected to telephone and cable networks! It will also be able to play compact discs.

According to publicity information,

The Portable Super Famicom: The Home Entertainment Terminal!

"The Atari Jaguar system will revolutionize the state of home entertainment as we see it today," Sam Tramiel, president of Atari said. "The idea of a 64-Bit system is earth shattering and kids and adults will be amazed at both the imagery and manipulative capabilities."

A PORTABLE SUPER FAMICOM?

Super Famicom will soon enter the world of portable systems - and not just with popular GameBoy system translations of popular 8-Bit and 16-Bit titles!

Recently Bandai unveiled a portable Super Famicom called the Home Entertainment Terminal (HET). The unit has a built-in 4-inch color LCD, and comes with a built-in TV tuner. The unit is also said to be connectable to several peripherals including a video printer, modem, fax, CD-ROM drive and others. There is no release date or price as of yet.

JVC'S WONDERMEGA 2

Priced ¥20,000(\$181) less than

JVC's Wondermega 2 is priced lower than the first Wondermega.

the first unit, JVC's Wondermega 2 will soon hit the stores in Japan. This modified peripheral of the earlier version has some new and interesting features - most notably the new six-button controller. The Wondermega is essentially a Mega Drive and Mega-CD (the Japanese versions of the Sega Genesis and Sega CD systems) locked together in one unit. It will be priced at ¥59,000 (\$543 at the current rate of exchange). Another notable difference is the design: the Wondermega 2 has a manual pop-up CD cover and eliminates the MIDI feature. However, the first Wondermega will still be kept around, as it had an MIDI feature.

The Wondermega 2 also utilizes cordless units. There is a wireless controller which also serves as a remote control unit! It can control the

The old Wondermega system will remain available in Japan.

SEGA TO RELEASE HOME VIRTUAL REALITY SYSTEM

THE SEGA VR:

THE LATEST

After making a big splash with the Sega CD, Sega is taking gamers to the next level with the Sega VR.

Set for a Christmas release, this peripheral is designed like a helmet (called HMD for Head Mounted Display), completely enclosing your eyes and ears for the ultimate gaming experience.

Instead of a limited aspect ratio for viewing games (the television set's aspect ratio is 1.33:1), the VR covers (seemingly) 360 degrees, so you can't escape the action! Earphones are also included on the unit for stereo sound.

The Sega VR doesn't need a television set, but it does operate directly with the Genesis system.

The Sega VR system provides the ultimate gaming experience.

THE GAMES

The first games for the Sega VR will be available at the time of the system's release - Christmas in '93. Here is a look at some of these games, all of which are 16-Meg.

OUTLAW RACING: Battle 20 other cars on several tracks in this

360-degree intense driving game! Smash into walls, crash into other drivers, flip your car into a smashing roll, and do anything to cross the finish line ahead of your opponents! The onscreen display allows you to check your fuel, heading, altitude, and a map allows you to check your course.

IRON HAMMER: Engage in interplanetary warfare in this intense 3-D

IRON HAMMER

flight simulator that puts you in the cockpit of a heavily armed Skimmer gunship. Your mission: search and destroy the enemy over 30 warzones - all of them hostile! Check the enemy's whereabouts using the onscreen radar, line him up in your crosshairs, and blow him to pieces!

The combat takes place during daylight hours that slowly turn darker with the onset of nightfall. The combat zones themselves are also challenging: There

OUTLAW RACING

are rocky terrains for a rough ride, grassy plains, ice zones to slip and

NUCLEAR RUSH

slide on, even water zones! Don't worry: you aren't alone - you have a co-pilot who talks to you in perfectly

> digitized speech. Sewer Shark fans will probably feel right at home!

MATRIX RUNNER: As an elite superhacker, you must enter the Matrix to solve a murder. In this cyberspace voyage, journey across bizarre landscapes to find your killer, finding clues and not

becoming the next victim!

NUCLEAR RUSH: It is after a

MATRIX RUNNER

nuclear war and nuclear waste is a valued commodity - as valuable as gold. You play a nuclear pirate flying

an armed hovercraft through several dangerous wastelands! The waste is armed by robot drones who will destroy anyone that attempts to steal the stuff. Three levels of wasted areas await.

FATAL FURY

The battle of fate has begun...

Fatal Fury is here, and only Takara brings home all the power of the smash coin-op arcade megahit. Experience heart-pointing Streetfighting action for the super Kintendo Entertainment System. Battle against Cruel and vicious enemies to be crowned King of Fighters!

Blazing fast animation and realistic moves make this game the one to beat! Use all your nake this game the one to beat; use anyon fighting skills, for each villain is huge and dangerous. Choose from among three dangerous. Choose from among three fighting beroes — each with his own unique style of fighting. Use fists and feet to defeat all foes but beware—your feet to defeat all foes but beware—you enemies possess hidden powers that defy the force of Nature itself. Witness their terrible might as they transform themselves, hurling energy blasts, tornadoes, even turning their entire bodies into human torches! And even as Boules into numan torenest. And even you pound them one by one, waiting and watching is the Big Boss himself— the strongest and meanest foe of all!

The battle is joined on a journey through the mean streets of Southtown, Fight hard the mean streets of Southtown, Fight hard as day turns to night on the beach, or as driving rain clouds your sight at the Chinese Temple, Superb animation and horizontal scrolling reveal new areas of the challenge, as tick after stack is mot and mastered. attack after attack is met and mastered.

Realistic characters, multiple action moves, special skills, all this combined with lightning speed to sknis, all this combined with rightning speed to create the perfect fighting action game. Take on the computer or another player head-to-head. Can you handle the challenge of Fatal Fury and has some the Vine of Cabbara.

Sonic the Hedgehog*

Welcome back arcade afficionados! If you, like many of us, have become slightly disillusioned with the arcade scene of late, then we here at EGM have just the ticket!

Let's face it, there are now tons of shooters in arcades everywhere, not to mention a gazillion (whatever the heck that ist) fighting and sports games on the arcade scene! Enter the Sonic the Hedgehog Arcade Game by Sega. In this arcade translation of the mega-popular home

Try to break the power source on the front of this strange, mechanized boss.

game, we are provided with some of the most unusual, yet intense game play to make its way to any video game system, whether it be a home or arcade machine!

*Tentative title.

· HOW IT RATES ·

Yes, yes, YES!!! Every now and then a game comes along that shatters your perception of what a good video game should be... and this, my friends, is one of those games!

There is really not enough good things that we can say about this game. The graphics- let's just say you've gotta see 'em to believe 'em. The game play is absolutely the best (the most fun I've had all year!). The three-player option is also a great feature! The trackball works really well for play control.

Do yourself a favor and try this one out! Way to go Sega!

Overall:

The darling of the Summer CES! Sonic sports some of the coolest graphics and overall game play in an arcade game! Way cool!

Huge rocks, whirlwinds and metallic gears will make life interesting for Sonic!

Where do we start in trying to describe a game like this? Well, we'll begin with the graphics. Needless to say, they are really superb. The game is presented in a kind of three-dimensional overhead angle reminiscent of games like Marble Madness by Atari and Viewpoint for the Neo*Geo. The graphics in Sonic are totally flawless!

The second thing of importance is the trackball controller. The trackball serves its purpose with flying colors! The response is really good. The only problem with this method of control is that it's quite a

Dr. Robotnik is up to his evil tricks again! It's up to Sonic and company to stop him.

workout for your forearms! Along with the trackball, you are provided with a button which is used primarily for making the characters execute a spinning jump. This jump can be used to attack as well as to avoid enemies. It seems as though Sega purposely kept the controls simple to afford the player more of a chance to enjoy the game. A very smart move.

Sonic and his buddies Ray and Mighty are hilarious to watch. For example, if they are being chased by

This huge vise will crush Sonic and Ray unless they break the bars in time!

something, they glance over their shoulders with a look of utter concern. They can cross chasms by swinging on chains, being shot out of catapults, and jumping onto a swinging trapeze! In one scene, they are swept under ice by a strong cur-

Beware of the robotic centipede in the sandtrap level; he's one tough hombre!

rent and transported into a large ice cave complete with huge falling icicles and large sliding ice blocks.

To help the whole experience along, the gamer is also provided with some awesome music and sound effects. Hilarious cinemas featuring an ever-maddening Dr.

You must be quick with the trackball in order to escape the sandy whirlwinds.

Robotnik add some comic relief to the proceedings!

The levels are long and numerous. Sonic goes everywhere from a scorching desert complete with whirling sandstorms to a series of

Sonic and friends use some innovative moves to get to where they need to go!

cliffs high above Dr. Robotnik's domain. You can even score extra points by picking up the gold rings that litter your path and are hidden in different places.

The players are provided with life meters at the bottom of the very large 52-inch screen. If you are hit, you are killed, you have the option of 'buying in' to continue play.

Sonic must run on a treadmill to work the steel gate before the lava gets him!

To see how good a video game can be (and to put an ear-to-ear smile on your face) give this one a shot! You'll be happy you did!!

LIKE TUNNELS, BRIDGES AND CROWDS.

Blaze demonstrates her new Side Kick Attack. Skate delivers a Head Butt and Elbow Smash Combo.

Skate's Migraine Attack is a major headache for these punks. Use the Corkscrew Attack on the bikers lurking around the corner.

Blaze's deadly Kikousho Attack can even the odds. Look for power-ups and weapons inside the trash can and other canisters.

If Skate's Double Side Kick doesn't put out that fire, try the Migraine Attack. Axel goes on a rampage when he gets his hands on weapons like the lead pipe.

Axel's Grand Uppercut is the key to reaching Mr. X. Vanquish your foe once and for all with the Dragon Smash.

Skate, Blaze and Axel of Streets of Rage" 2 have all their tricks from the Genesis" version, plus a completely new maneuver. Good thing, too. Cuz if they're going to bring peace back to the streets, they're going to have to go through Mr. X. And he's not feeling very neighborly.

The Diagnosis Is...

Hello again, folks, welcome to another session with the Game Doctor. Make yourself comfortable, read the back issues on the coffee table, and we'll take you one at a time.

We're officially finishing off the Game Doc Envelope Art Contest here in EGM. After all, EGM has its own envelope art gallery each issue, so a second section is redundant. Thanks to everyone who contributed!

Q: I recently read about the Sega Channel in the June issue of EGM. I was wondering if, in order to receive the channel, would my cable company have to subscribe to it?

Jason Clinton Portage, PA

A: There's obviously plenty of interest in Sega's new game delivery system. First off, there are actually two deals in the works. One is an AT&T project that intends to include point-topoint game play and may involve Sega software, but Sega's leaving the talking to AT&T on that one.

The Sega Channel is a co-venture involving Sega/TCI/Time-Warner. Sega has even established an independent company to run this channel which, for the foreseeable future, will enable subscribers to play whatever games are available that month, much as you watch movies on HBO and, yes, your cable service will have to sign up for you to play on the Sega Channel.

You'll be able to play many of Sega's classic games on their cable channel.

LETTER • OF • THE • MONTH

Q: What does it mean when a game is called a sleeper? It sounds like the kind of game that would bore you to death, but it's always used in the context of a really cool game.

Tim Yanalunas W. Bloomfield, MI A: A "sleeper" in any entertainment medium refers to a product which appears without special fanfare or a major advertising push but which, because of its innate appeal, becomes a popular success. So, yes, sleepers refer to cool, yet modest, games.

Q: The June EGM stated that Nintendo was planning to bring SFII Turbo CE to the Super NES, with 20 to 24 megabits of memory.

How can a system that runs on a 16-Bit processor read or display games that are over 20 or 24 megabits?

> Esteban Frenk Cuernavaca, Mexico

20+ megabit games like SF2 TCE can be played on 16-Bit systems.

A: The fact that a system uses an 8-Bit or 16-Bit or 64-Bit processor doesn't refer to the number of megabits it can run from any program. A 16-Bit processor is simply able to take 16-Bit "bites" of a program at once—or twice as much as an 8-Bit system. Having a bigger mouth enables a 16-Bit machine to process information more efficiently—one Bit is quicker than two.

There's also the matter of data compression, one of the most significant developments in computer technology. With compression/ decompression techniques, large amounts of data can be squeezed down (i.e., compressed), then returned to normal size (decompressed) after it's been processed. Today, compression can be done "on the fly," while you're actually playing the game. This allows developers to fit more data into the same amount of space.

Remember to send those Qs to: Game Doc (EGM) 330 S Decatur, Ste. 152, Las Vegas, NV 89107.

SPORTS

INTERNATIONAL NEWS ===

By Terry Aki

Greetings gamers. I've got the latest news from Japan. After recently going to the Tokyo Toy Show with Nob-X, I was surprised to see all the cool stuff. It was tough to see everything there, but I managed to. The Tokyo Toy Show, by the way, started on June third, and lasted through the fifth.

The best kept secret of the show was definitely the portable Super Famicom. Hidden away, it was quite remarkable.

Of course Nintendo wasn't there, as they like to hold their own at the August show. That wasn't to say that the licensees weren't at the show.

Sega dominated the entire show, shadowing even the mighty NEC and Hudson, Mega CDs could be found at nearly every booth.

And of course, video gamebased toys were in great plentitude. Goodbye paycheck! Overall a good show, and I hope you like what I've found. It's here first, thanks to me.

MEGA DRIVE

CARTRIDGE

As Sega tries to finish the next Phantasy Star adventure, we at EGM have followed their progress, eagerly trying to get the latest info for you.

Recently finished are the battle scenes in which the backgrounds are intricately detailed. More monsters have been completed. and the quality of animation has been improved further.

The progress has been going guite well, and it won't be too long before the Japanese version comes out. Then we have to wait for the American translation. which, hopefully won't take too long. The Phantasy Star series has always been a favorite, and this one looks like it could be the best Sega RPG ever!

These weird worms from the first Phantasy Star are back.

INTERNATIONAL NEWS

SONIC'S DAD!

Here's a bit of trivia about Sonic 2's stage select cheat (open the option menu, play music selections 19, 65, 09, and 17, return to the title screen and press A and Start together). (Sorry Trickman!) These numbers identify a certain date, September 17, 1965. This happens to be the birthday of Yuji Naka, the brilliant Sega game producer responsible for Sonic 1, 2 and the upcoming 3.

While we're on the subject of Sonic, Sister Sonic, the RPG that was under development by Sega Falcom, will be delayed. Originally, Sega Falcom intend-

Poor Sonic won't have his sister in her own game for a while.

ed to develop Falcom's PC Popful Mail RPG with an entirely new cast of characters as Sister Sonic.

However, when word leaked out, fans of Popful Mail demanded that it be released on the Mega CD in its original form. Faced with a deluge of angry letters, Sega Falcom decided that they should do exactly what the fans demanded. So, sorry folks, Sister Sonic appears to be a back-burner project.

Still, it shows what a large group of gamers can do to influence the companies. So what we've lost in an RPG, we won in showing the companies that we care about the games we play. Pretty nifty, huh?

FATAL FURY 2 AND STREET FIGHTER 2 ON CD!

Caught your attention? Good! And I'm not even lying to you. There are such things, in fact, I have a few myself. These aren't the type of CDs that you can play games with, rather you can listen to them. The more popular games have their soundtracks put on the CD format. A few I've recently seen are half a dozen versions of the Street Fighter music, a pumpin' soundtrack to Konami's Contra series, and of course Yuzo Koshiro's Bare Knuckles 1 & 2, Actraiser, and Super Adventure Island.

My personal favorite is Fatal Fury 2.
I highly recommend it.

There are arranged versions of the music, often containing real instruments. These are a far cry from the music normally found in

The inspired music of Dragon Quest has an adventurous theme.

video games.

If you can get your hands on these, you won't be disappointed. The music's out there. All you have to do is look. These are terrific tunes.

SUPER BASES LOADED 2

SUPER FAMICOM

12 MEG

CARTRIDGE

One of the most impressive baseball games I've seen at the Tokyo Toy Show was Super Bases Loaded 2 for the Super Famicom. It puts to use the Mode 7 scaling, thus putting you right in the middle of the action. Everything that happens during the game, from the fielding to the intermissions, uses incredible special effects.

If a game looks cool, that's all fine and dandy, but this one also plays very well. Playability is what counts, and Super Bases Loaded 2 really shines.

The odds are very likely that this one will come to America, and if it does, I highly recommend it. Armchair athletes won't be able to put this one down, or anyone else who likes baseball.

Zoom into the outfield to really catch the action of this cart.

Here is your typical batting scene. Note the fine detail.

The players even scale in at the intermissions between innings!

Yet another vantage point to put you right into the game.

INTERNATIONAL NEWS

FROM STARFOX TO SOFTFOX!

Once again, the video game craze has swept Japan. The latest forms of the many products coming out there include a number of stuffed caricatures of the popular pilots from the game StarFox. For a measly 29,500 Yen (roughly \$200), you can have all four of the adorable critters. But, at that price, who needs them? Surely something for the man who has it all.

Other hot new items include a mechanical Mario and Yoshi that run around. They are made of hard plastic, and eat a lot of bat-

Fox McCloud and the rest of the bunch are softer than ever.

teries. Yoshi's eyes glow a strange red, making us wonder if he really will eat Mario someday. Still, these are just a few of the latest novelties, and there are plenty more on the way. Like

Looks like Yoshi's a bit possessed. It's still a neat toy to have.

BATTLE FANTASY

MEGA-CD CD CARTRII

As fighting games increase in popularity, we begin to see variations on the common theme. One interesting game is called Battle Fantasy. Containing a huge cast of deadly opponents, you take hold of a brave warrior. For those of you who need special moves, this CD masterpiece has plenty. With a little luck, this one could come here.

The beastile beings you fight take more than one hit to put away.

INTERNATIONAL ____ NEW5 ___

SEGR'S NEW PICO COM-PUTER FOR KIDS.

In late June, Sega of Japan launched Pico, a computer for kids. Attractively finished in a bright vellow plastic case with bold red and blue accents. Pico folds out like a notebook computer, However, it doesn't have a screen - it has to be hooked up to a TV. Pico uses special software shaped like books that slide into the upright section of the unit. When the pages of the book are turned, the video image on the TV also changes. The front part is a pressure sensitive pad that comes with a pen-

Don't you wish you had one of these when you were a kid?

shaped stylus. Using the the stylus, characters contained in the book can be made to run, jump and do all sorts of other things. As Pico is intended for kids aged 3 to 6, the software is designed with education in mind. Kids can learn how to draw and color, do simple arithmetic and learn basic reading skills with their favorite TV cartoon characters like Doraemon, Four titles will be released together with the 16,000 Yen (about \$140). Besides Sega, other book software is said to be in preparation by Bandai, ASCII and other licensees. Pico should be making its way to the States in April, 1994. It should be an easier way of learning. Now don't you feel like you were jipped as a kid?

COLUMNS II

MEGA DRIVE

2 MEG

CARTRIDGE

In pursuit to create the next "Tetris," Sega of Japan has improved upon their popular game Columns for great results.

First off, you will see the graphics have improved tremendously, and secondly, up to five players can compete at once. Imagine the intensity and fun of five friends taking out their frustrations on one another! It's great; if you love action puzzlers, this hits the mark.

Seeing five players in action is almost as fun as playing Columns 3.

If you want, you don't need the fiveplayer adapter to play a twoplayer game.

SEGA OF JAPAN

WONDERBOY

MEGA DRIVE

UNK. MEG

CARTRIDGE

Great games never die, they make sequels. Wonderboy IV is the colorful return of one of Sega's more popular characters. The mostly side-scrolling action is enhanced over the previous Wonderboy games in almost every way. The playability has been tweaked to near perfection, and the animation is smooth as silk. If you like games similar to Mario, the latest Wonderboy will suit vou fine.

Check out the graphics! The Mega Drive has never looked so good!

The dungeons are dangerous, but don't worry, you have a friend on your side.

SEGA OF JAPAN

MEGA-CD

CD-ROM

The latest flying game for the Mega-CD is going to blow you away. Entitled AX 107, you control a swift fighter capable of freeing the world from the grip of a tyrannical presence.

From a graphical standpoint, this game is superior to anything we've ever seen before, and the audio is equally great. If you have some way of playing Mega-CD games, this is one you have to play! In one word: awesome!

Terrific cinemas help quide the riveting game play. Extremely well done.

Fly quickly down into the city, and blast anything that moves in vour way.

INTERNATIONAL NEWS

NICE DO... NOT!

The latest craze to afflict the video game populous is hair, err. here. It seems that some creative individuals have taken it upon themselves to create hair styles based on their favorite cartoon and video game characters. These people go way beyond simply coloring their hair. In fact, they've cut, shaved, and combed to shape the features of their favorite characters. The most popular seem to be Sega's Sonic the Hedgehog, and his adorable buddy Tails. Others, like the Tazmanian Devil, are also prevalent.

How would you like to have a

What would you do if you found a Tails on the back of your head?

Sonic right on the back of your head? To most people this idea sounds a bit too exotic, but you never know, it could catch on. Imagine what your parents

This motley group show off their latest creations. Pretty funky!

would say if they caught you with hair like this. I'd rather not think about it. What next? Plastic Surgery? Naaaaah...

TROUBLE SHOOTER 2

MEGA DRIVE UNK. MEG | CARTRIDGE

One thing you don't see a lot of is a video game with a girl as the main character. Over the years one of the better ones called Trouble Shooter entered the market. This intense shooter has spawned a sequel that is as fast as the first, maybe more so!

Even though the main character is a girl, this game is not for wimps. Great shooter.

The things you shoot range from the non-penetrating, to the easily mushed.

SEGA/COMPILE OF JAPAN GG ALESTE II

GAME GEAR | 2 MEG | CARTRIDGE

Anyone who likes shooters will more than likely dig the Aleste series. It's almost a given. How does it translate onto the portable format? Very well, in fact this versatile sequel has more special effects than the original game! It's the best portable shooter around. The power-ups and intensity rival no one. Shooter fans, I hope it comes to the States, for your sakel

This game is totally rad! It's not only fast, but really difficult!

INTERNATIONAL NEWS

MORE NEWS ON THE GAME SCHOOLS...

Since so many readers wanted to know more about the game schools, I've acquired some more information, particularly on the the latest one, HAL.

One of the more respected computer education designers, HAL, recently reached an agreement with Nintendo to set up four- and two-year programs to groom future generations of video game creators. The curriculum for these programs will include basic programming, hands-on software development on Nintendo developer systems,

HAL: the place of higher learning, and the future of video games.

and even extend to multimedia studies on CD-ROM. As the big 'N' is behind these new programs, it's likely the graduates will find work with Nintendo and their licensees. (Of course grades will be taken into consideration!) Besides the Nintendo sanctioned HAL, there are several other game designer schools most of which are run by software producers. The most notable of such game schools include those of Enix, Hudson and Human. It's too bad that all these schools can only accept Japanese, or people who are fluent in the language.

I hope this sheds a little more light on the subject. I'll try to get more info, but no promises. Until next time...

TAITO OF JAPAN

TAITO SUPER BASEBALL

SUPER FAMICOM

12 MFG

CARTRIDGE

The national pastime around the world seems to be for the most part, baseball. Already we have seen nearly countless incarnations of the sport on the video game format. Now companies can improve upon the common theme. This is one of those games. The graphics are well done, and it gives the impression of being in a real stadium. People who like this sort of game will most likely enjoy it.

Step up to bat and prepare to slug the ball out of the park. Oh the happiness!

The fielding game is pretty intense, especially when you complete a double play.

KONAMI OF JAPAN

VAMPIRE KILLER: DRACULA X

SUPER CD-ROM

CD

CD-ROA

The terrors of Castlevania return. The undead minions of the Count have sprung up in the towns, and are hunting the villagers once more. Most unusual is the fact that this game is on the Super CD-ROM system. That means great graphics and an orchestrated soundtrack. Like the previous Vampire Killers (Castle-

vanias) this is an action-packed journey through the country that nobody goes to. Undead beasts will suck you dry if you let them. Fight with your whip, dagger, and almighty cross in this haunting CD.

Hell beasts like this one can be a major pain in the neck.

Skeletal creatures are just one of the few things you are up against.

Oh no! Those nasty two-headed monsters are in this game too!

Try to keep your head up while fighting the mutant minotaurs.

GO HARWRE WITH YOUR SIVES

He's quicker than a greased hairball. Tighter than a hairpin turn. He's got hair with an attitude. And the fastest can of hairspray in the west. He's trouble in the fast lane. Tricks in a can. Cars, trucks and uncool dudes pull over. He's good road—from Irem. Move hair fast to your nearest video store for Rocky Rodent!

The Game Creator™

Sonic Joins the Digital Revolution

Since his inception, Sonic the Hedgehog has enjoyed an unprecedented run of success with Sega. And in his new game, entitled simply, "Sonic CD," Sonic will surely ascend to even greater heights in his illustrious career.

The game is slated for a September release in Japan, and will hit American shores soon thereafter.

For the most part, Sonic CD is still shrouded in secrecy, but EGM managed to pry the lid off the case.

Probably the best thing about Sonic CD is that Sega's programmers have taken full advantage of the extra storage capacity of a compact disc. Sonic CD is three to four times larger than the previous two installments in the Sonic

The game features seven rounds at ten stages per round. For you math whizzes out there, that means there will be more than seventy levels plus bonus rounds!

Furthermore, players will be treated to elaborate cinema screens at the beginning and end of the game, Players of Sonic CD won't be interrupted in the middle of a game, however. Because it's an action game, the program-

mers didn't want to interrupt game play

> between each round.

which will be sung by Japanese personality Keiko Utoku.

Because of the massive storage capacity of a CD, Sega programmers were able to significantly beefup the story lines.

Sonic enthusiasts will remember that the story line for the first and second installments of Sonic's games were set on distant islands. The first game took place on South Side Island and Sonic 2 took place on West Side Island.

Sonic CD uses an entire planet and then some for the game setting.

The Sonic CD plot opens with a small earth-like planet that moves closer to Earth as an annual occurrence

Although the Little Planet is at first a peace-loving place, Dr. Robotnik recognizes the possibilities from controlling the planet and

promptly takes it over.

It's up to Sonic to once again thwart the evil intentions of the mad doctor. After turning the Little Planet into his own private fortress, Dr. Robotnik chains the planet to the Earth.

Sonic
must go to
the planet and
face the Doctor on
his own turf. "And how
does Sonic get there?" you
ask. What else, he runs on the

Everyone's favorite blue hedgehog will also be teamed up with a new character- Amy Rose.

> Nicknamed Rosy the Rascal, she's a Tarot card-reading, futurepredicting accomplice who tags along after Sonic (a la Tails).

Amy is infatuated with Sonic; in fact she believes it is her destiny to be Sonic's girlfriend, but he's just not interested.

As for other characters in the game, Tails makes a brief appearance. but does not have a starring role. Other characters will also make cameo appearances including Mecha

Sonic

from

Sonic

But
in Sonic CD, the
Blue Blur must face
more dangerous enemies than
ever before. Metal Sonic is a much
more technologically advanced,
upgraded model of Mecha Sonic
(sort of like Terminator and T2).
Unlike the first two installments,

required to go back in time or forward to the future, but if you do, it will alter the outcome of the game.

According to Sega, the time travel idea existed since the original Sonic game but immense memory was needed, and only CD-ROM could do it.

The game has so much depth, in fact, that players can conquer the

"Probably the best thing about Sonic CD is that Sega's programmers have taken full advantage of the extra storage capacity on a compact disc. Sonic CD is three to four times larger than the previous installments in the Sonic series."

where Sonic encountered Robotnik at the end of every stage, Sonic will now face a whole slew of different bosses.

The bosses will be under Robotnik's control, so fans can expect Sonic will be facing mechanized terrors of some sort.

To combat these frightful adversaries, Sonic has been upgraded himself.

He will be faster than ever before and once a certain speed is reached he can, get this, move forward or backward in time.

Sonic won't be able to time travel until he collects a certain number of power-ups. But once he's ready to go back to the past or go forward to the future, he'll start glowing. Once he hits this mode, Sonic can choose what level he will transport to.

Although Sega didn't reveal precisely why Sonic has to time travel, they did say that it is not required.

Sonic has to go back in time to change something that happened so the future will change. It's not game in a number of different ways.

If it sounds confusing, don't worry.

everything will make sense once you play the game.

Sega said they retained the basic look from earlier Sonic titles, although Sonic will be more animated.

Unlike Sonic I and II, there are no Chaos Emeralds, but something similar will take their place.

To keep the basic flavor of Sonic but also inject fresh ideas, Sega placed the head of the development team from Sonic I and II in an advisory capacity.

Other artists from the earlier Sonic titles who are now
working on Sonic CD include the
artist who drew Sonic in the
original Sonic and the
creator who brought
Tails to life in
Sonic II.

Sunsoft has been working hard to expand their video game lineup. The following four pages represent what Sunsoft has been up to in the past year.

Let's begin with Aero the Acro bat. This spunky little character has become Sunsoft's mascot. This game will be available for both the Sega Genesis and the Super Nintendo but the pictures shown on the right are from the Genesis version. Aero the Acro•Bat takes place in a circus that was sabotaged by an evil industrialist named Edgar Ektor. Aero must disarm the sieged attractions while also thrilling the audience. It's a must-see game for action fans everywhere!

Sunsoft has acquired the license to produce the Neo•Geo fighting game, World Heroes, for the Super Nintendo. This 16-Mea fighting game takes eight of the best known warriors of time and puts them in a fighting match for supremacy. With tons of secret moves and combos. World Heroes is sure to be a hit!

Disney's Beauty & the Beast will become an industry first as Sunsoft appeals to both boys and girls with two separate games. Roar of the Beast is an action game for boys while Belle's Quest is an adventure geared more toward girls. Sunsoft will even merchandise the two games together in a "Family Edition" that will contain both games. It looks like a great year for Sunsoft!

mission is to travel around and disarm the sabotaged attractions. This

RIG FUN UNDER THE BIG TOP!

Edgar Ektor, an evil industrialist, has sabotaged the circus where Aero the Acro•Bat thrills audiences with his high-flying antics. Aero's

Aero the Acro Bat on Super NES!

Super NES owners will have a chance to save the circus from Edgar Ektor. This version features the same highflying antics as the Genesis version. but features bonus stages like this one where Aero must fly through rings and safely land in a pool of water below.

After that. splash into the pool for a really big finish!

Fly within

the rings

to receive

big points

each time

you clear.

flamboyant character visits levels like a crazy amusement park and an old museum in search of Edgar Ektor. The following two-page preview is from the Sega Genesis version. The Super NES version is still in the final stages.

Lots of things for Aero to do!

Aero's job isn't easy! The circus is filled with complex mazes and passageways.

reach higher floors of the circus. Also. hidden items such as stars and extra lives boost Aero's chances of beating Edgar

The Museum Journey through a wondrous

museum filled with conveyor belts and nasty traps.

Execus

Aero the Acro-Bat begins his adventure in the circus where he performs his incredible tricks. Aero must perform certain tasks in this stage's 5 areas. In Act 1, search the level for blue beams and jump on them three times to eliminate them. In Act 2, Aerial, a female Acrobat, has been locked in a cage. Find the key and release her. Acts 3, 4, and 5 require Aero to jump through hoops and platforms. Then face the mischievous clowns as they juggle bowling pins at you!

Fun park

The Funpark just hasn't been the same since Edgar Ektor seized control of it! This level features many familiar amusement park rides and attractions. The objectives in this level are similar to the first, with a few interesting additions. Ride a roller coaster in Act 2 where you can collect many power-ups. In Act 4, hop on a fast ride called the Rotor. It takes quick skill to dodge the beams, then battle Mr. Bubbles!

Woods

The adventure doesn't stop here! The woods are crawling with Edgar's henchmen. Aero will be taking part in some really strange events this time. With all the thrill of bungee jumping, even Aero the Acro•Bat can't resist. Take a dive to collect points and even some extra lives! Other strange things include rolling down a hill in a barrel and sliding down a waterfall ladened with razor-sharp spikes and other nasty surprises.

Eight tough warriors stand ready to fight for

the Earth.

Play a normal game or compete in the wicked Death Matches!

Learn the special attacks of each character to gain the winning advantage.

Take on an opponent in the Death Match to settle the score once and for all!

THE CHALLENGE AWAITS!

Eight invincible fighters travel through time and circle the globe to prove who is the mightiest of all. This incredible translation for the Super Nintendo features all the special attacks, killer combos, not to mention your favorite characters!

After choosing a fighter, go oneon-one with seven other warriors to ultimately meet up with the mysterious warrior, Geegus. If that's not enough, you and an opponent can play in the awesome Death Match where there are no rules and the only one to leave is the winner.

Each character has many special attacks. Fists are flyin' whenever Dragon fights!

GASTON LIVES ON...

The wonderful tale of Beauty & The Beast continues on the Genesis in two separate games from Sunsoft. Belle's Quest will appeal to girls in an intellectual adventure that combines puzzles and thrilling action. Belle must solve problems that will lead her to her father's whereabouts.

Roar of the Beast will thrill boys with intensity and adventure. The Beast must battle the dangers that lurk outside the castle. Learn the true test of courage in the final confrontation with Gaston.

THE HERO OF THE COSMOS!

Duck Dodgers is on a mission to claim five planets in the name of Earth. What superbeing could handle such a challenge? None other than Duck Dodgers and his trusty sidekick, Porky Pia!

In this Super NES adventure, Daffy must seek out cosmic space ambassadors that have been kidnapped by Marvin the Martian. His journey will take him across martian landscapes, pleasure resorts, and even to the deepest depths of the sea. Collect money to purchase new weapons and items!

RABBIT RAMPAGE WHAT'S UP DOC? Rabbit Rampage for the Super NES recalls the familiar cartoon in which a lunatic animator is out to get Bugs Bunny. He'll find himself painted into many hare-raising situations! Face archrivals like Elmer Fudd and Yosemite Sam in this 12-Meg action game. The anima-

BUBBLE BLOWING FUN!

This comical game for the Genesis stars a young boy named Bubble and a blue. alien friend named Squeak. Together they collect gems to pay for gum in a battle on the planet Grool with Kat of Nine Tails. When Squeak doesn't follow, kick him around the screen to find hidden passages.

WORLD WARRIOR SUPERBOUTS!!

FIGHTING

100%

After last year's phenomenal record-setting sales, you can't help but wonder how Capcom could possibly outdo themselves by coming out with a better game than Street Fighter 2.

They didn't just go for the Champion Edition, they went all out with the Turbo Edition that has a speed-adjust setting and also a Normal mode which is really the Champion Edition. So what you're getting is really two awesome fighting games in one!

Not only is the speed updated but the moves and all the characters are pumped up as well. The graphics are the most colorful of any video game with much better music and sound. All the arcade animations have been fully restored including the missing barrel bonus round.

Get set for the hottest update to date with the year's top fighting game!

REACTOR:

Here is a peek at one of the levels in the upcoming Mega Man 6! As you can see, the

layout is very similar to those in the earlier versions with vertical and horizontal scrolling! However, some parts of the levels are clearly designed so that

you must use the

NEW POWERS FOR MEGA MAN:

Mega Man can now fly and become incredibly powerful! JET gives a momentary lift: a meter will appear next to the energy meter. When you use the Jet, the meter will go down as it runs out of use, so use it sparingly! It recharges when not in use.

MORE POWER THAN EVER BEFORE:

The other new power for Mega Man is the ability to become incredibly strong! This is named POW for Power! In this state, he can smash boxes, turn over items, and set off the times-platform bombs with triggers on the sides!

AND. OF COURSE. NORMAL MODE:

Mega man also does the traditional moves veteran players will recognize: Running, jumping, sliding and shooting, plus charging up his weapon for a super shot!

Slip and slide your way through this level that takes you underground to a sub dock! The sub bobs up and down, so watch for low ceilings and mines in the water! Gunners on deck will shoot at you so hit 'em first!

TRACIGER MANES:

These mines both hurt and help you: On one hand they serve as platforms you can jump on to cross dangerous areas. However, when you jump on them, the timer starts counting down and it will explode, so you better get off in a hurry! Some have triggers on the sides, too!

ROUND SIX...

...In this corner, that lovable little blaster master, Mega Man! And in this corner we have - well we won't tell you just yet! For those of you who thought Mega Man was finished for 8-Bit, think again! Yes, he does have a 16-Bit adventure in the works, but the story continues for NES with Mega Man 6! Issue: Mega Man has nothing new to offer.

WRONG! There are plenty of new aspects to the Mega Man character, including two new powers such as more Power and a Jet so he can fly! The levels offer more, too - like moving parts, incredible graphics and tricky adversaries! Although the game is still in the works (no bosses have been decided on yet), here is a look at what is in store for the Mega Man fan! So far it's been a great ride, but it's about to get better!

THE TALE OF THE BOSSES: WHO CREATES THEM?

Surprisingly enough, the people who design the Mega Man games recently have been leaving the bosses to the fans! In Japan, Mega Man is called Rock Man! Capcom has a contest where people can send in sketches of their idea of formidable boss! If selected, the boss will live forever in that Rock Man game! As you can see, Mega Man 6 still needs its bosses to be decided on, but the glory of being able to have one's boss selected is exciting!

OPTIONS & PASSWORDS: You can still absorb the powers of a defeated boss! Press START to access your options and Rush the dog! There is also the trusty password feature so you can fight another time!

MIDDLE EAST LEVEL: BURNING DIL AND SHIFTING SANDS

Pits of oil can be set ablaze by flying enemies! Don't fall in them - they will take away all your energy and take a life!

THE LITTLE HELPFUL PLATFORM:

This little thing is harmless-looking but very helpful! First you need to turn on your POW option, and hit it on the side. It will fall into the lake of oil! Then jump on it. However, it will only move when you jump and will only go in the direction you are facing! If you try and cross these lakes of oil without it, chances are the oil will be set afire by a flying enemy - in fact you can count on it!

MORE IN STORE FOR MEGA MAN: CONSTRUCTION ZONE

SUPER MES: MEGA MAN X

Yes, it's true! Mega Man is making the jump to 16-Bit systems! However, the story has nothing to do with the NES line! In Mega Man X, you play as one of two RoboPolice out to hunt down and destroy renegade RoboPolice! These "RoboJunkers" were once humans who were altered to robotic form!

GAMEBOY: MEGA MAN 4

Soon joining its three portable predecessors will be Mega Man 4! After Mega Man 3 for GameBoy, what could be next? Find out this fall when Mega Man takes on a horde of new mechanical menaces out to do him in!

magical carpet ride!

Last year's Disney film continued

Last year's Disney film continued its magic on video game systems coming this fall or winter.

Take part in a wondrous tale of adventure as Disney's Aladdin slashes his scimitar against hordes of thieves, skeletons, palace guards, giant scorpions, and more! In this hair-raising adventure, Disney's Aladdin sets off in search of the Scarab, journeys through the Cave of Wonders, finds the Genie's Lamp,

and pulls off a daring prison escape! Now he must defeat the evil Jafar to win the hand of the beautiful Princess Jasmine!

This cart has been recreated with graphics created by Disney's animators. The scenes and characters are taken straight from the movie, including the Genie, Jafar, Rajah, Jasmine, and the Magic Carpet!

SUPER NES VERSION

The Capcom version of Disney's Aladdin is also an action/adventure game that features the same plot and play mechanics. The detail and animation is much like the film with the very same music.

STRATEGIC THINKING. KILLER INSTINCTS.

The only action game that requires strategy to win. The only strategy game that's hot enough to melt your armor. With the advantages of an advanced 3-D flight simulator, as well as a

shrewd and cunning mind, you'll face the most ferocious intergalactic combat yet seen. Mechwarrior. One of the most original games ever developed.

It's the year 3027.

invincibility.

CONCENTRATE AND USE THE FORCE TO YOUR ADVANTAGE

Learning from the Jedi master. Yoda, Luke now has the ability to use the force to direct his light saber toward his enemies.

STAGE ONE

The first few stages take place on the ice planet Hoth. Many creatures roam the surface as Luke patrols the area, so ready your blaster and watch for giant, rolling snowballs.

STAGE FOUR

After narrowly escaping from the ice cavern. Luke must still confront many more ice creatures as he heads toward the rebel base where his friends are worried about him.

STAGE TWO

As Luke scans the icy surface, he notices a meteorite crashing in a nearby site. Lead him there atop your trusty Tauntaun to investigate. The terrain becomes more rocky.

STAGE THREE

Luke blacks out from the dropping temperatures and is taken away for food storage by giant Wampas. Now he must fight his way out of the ice cavern and head back to the base.

STAGE FIVE

Rebel Base is under attack.

BERRED PARTER

STAGE SIX-MODE 7!

STAGE NINE Luke cleans up the mess.

STAGE SEVEN

STAGE TEN Han evacuates the base.

STAGE ELEVEN Luke slashes up a trooper.

STAGE TWELVE The Falcon is under attack.

COME ON OUT AND CLAY!

Interplay is taking the head-to-head fighting theme a step further by

adding a little humor to it. Clay adding a little humor to it. Clay Fighter uses digitized claymation characters and has given them their own fighting styles with some unique attacks. Fight with a glob of clay that can turn itself into anything such as a deadly bomb, or an opera lady that can attack with her terrible singing. Choose from any of eight characters and see who is the baddest...and funniest fighter around. Now on with the clay-off!

A 4-IN-1 SUPER MARIO CART!

For those of you who are not content with Super Mario World for your 16-Bit Super NES, you will soon have your hands full! Here comes Super Mario All-Stars! The three Mario 8-Bit NES games have been upgraded for the Super system! Super Mario Bros. 2 released in the states for NES is really a game called Dream Factory! The real Super Mario Bros. 2 is included in All-Stars and it bears the name of the Lost Levels! Stay tuned for more!

THE LOST LEVELS:

Here is the game that was never released in the U.S.... until now! Called Super Mario Bros. 2 in Japan, here is a sneak peek of World 1-1 (right) and a partial map of World 1-2 (below). This game will be a new experience for Mario fans!

LAST, BUT NOT LEAST, SUPER MARIO BROS. 3:

The curtain rises on the fourth and final game, Super Mario Bros. 3! The most extensive Mario game for the NES, it's even more enjoyable on the 16-Bit platform! Everything is here from: the Raccoon and Cape powers to the music note boxes, this game will keep you playing for hours! The map below is of World 1-2, look familiar? Remember to collect the item at the end of each level for big points!

Comparison: No more back-

No more backgrounds that move with you! Now there is more depth to give more feeling!

An old wine in a new bottle! The strategy is the same: hit the blocks to reveal power-ups and other items!

SELECT YOUR GAME:

Here are the four games you can play! The Lost Levels is the Japanese version of Super Mario Bros. 2 (the U.S. version was called Dream Factory in Japan)! There is also an option to customize the controls!

YES, IT'S 16-BIT, BUT IS IT REALLY THE SAME AS THE 8-BIT VERSION?

Absolutely! Everything is the same - even the ability to walk through walls and ceilings that appear to be programming glitches! Even the ability to "jump ahead" to bonus levels has been retained! Check out the comparison below!

You Decide: Look at the improved graphics of the 16-Bit Super Mario World over the 8-Bit version! Map of World 1-1 is below!

SUPER MARIO BROS. 2:

In Super Mario Bros. 2, things are a little different: you can pull items up from the ground and throw them at enemies! You can also play as one of four different characters including Princess Toadstool!

In Super Mario Bros. 2, you must use the potion vial to create a doorway to take you to another dimension! Also use bombs to blow open walls - remember, timing is the key with these explosives! Glance at the partial map of World 1-1 (right). Look familiar?

Let's Compare SMB 2 Versions:

can carry the item over your head!

Look at the difference between the two versions! This new collection has multi-scrolling!

WE'VE GOT TO FIGHT!

They're back, and this time it's all-out 16-Bit war! The brawlin' masters have combined efforts for the ultimate team! There are several combinations for two players: play as two Battletoads, two Dragons, or one Battletoad and one Dragon! There are also two modes: one where you can damage your partner and one where you can't! All the bosses are also here - both the 'Toads and Dragon's deadliest enemies - including the Shadow Boss and the Dark Queen herself! The game isn't all fighting, though, and there is even a level where the game becomes a shooter! Battle on!

LEVEL 1: ON THE TAIL

Here, you get dropped off on the tail of the enemy spaceship! Keep going to the right, smashing enemies as you go. The boss is Abobo: he's big and strong, but slow! Use Battletoad Butts or Typhoon Kicks to finish him! Map below:

LEVEL 2-1: WE'RE IN!

This level is more moving and fighting! However, there are some new moves! When a Walker shows up, smash it and grab its leg to use as a weapon! The Dragons use it to drive enemies through the floor, and the 'Toads swat enemies!

BOSS 2-1: Doorman

This guy throws sticks of dynamite! The only way to defeat him is to pick them up (press punch to pick up the stick and punch again to throw) and throw back!

LEVEL 4: SHOOTIN' TIME IN THE MILKY WAY!

Here you must get in your little spacespin and take to the skies! The ship you landed on and fought your way through in Levels 1-3 Is now your adversary! Shoot select parts of it to bits! Watch for asteroids and other enemy objects! The control is very different here: The JUMP Button is your thruster and makes you move, while the PUNCH Button fires your laser! Your Life Meter is the samewith each hit it gets diminished!

LEVEL 5: PUNCH ME (ALL LEVEL LONG):

On top of a speeding rocket, make your way to the cockpit where Robo Manus awaits! Look out for flaming thrusters (A) that can burn you up, and ninja warriors that jump out from behind the fins (B)! On the lower sections there are

THIS IS THE ULTIMATE TEAM: Battletoads and Double Dragon! ITEMS:

Bonus Pods: Contain any

BATTLETOADS: "Move To This!" The green three are ready for action! This time you can play as any of the three greenies! 'Toads, meet the Double Dragon team! Fight nice now!

Invincibility: Phase from any harm!

Energy:

Bia Duck

Punch

Bikin' Bash

Refills your Health meter.

Duck

LEVEL 1-2: Abobo

Bikin' Bash

Throw

Typhoon

TWO-PLAYER BASHIN' FUN:

The 'Toads can play nice with their new Dragon friends, can fight their Dragon friends, or vice-versa! A picture of cooperative fighting is to the left; two pictures of a not-so-cooperative fight mode are to the right!

0000

LEVEL 2-2 & 2-3: RIDE! This level is like the preceding one! The boss is identical to the one before, but he takes more blasts to finish off! The next part is driving - this time while fighting! Also dodge obstacles! Blag waits at the end of the line!

doors where Giblets (C) will come out and knock you around - hit 'em first! Don't forget to break open the Bonus Pods for the item inside - these are essential! The biggest adversaries (other than the Boss) are the fights with 'Toad adversary, Slaughter (D)! Attack Slaughter quickly and furiously, he hits hard by charging and using his arm-hammer swing!

Hey, 'Toads, remember me? I'll crush and smash your green butts! I'll be waiting at the front of the ship - if you can get to it! FZZZT!

MASTER THE

What would you do if your sister was kid-napped? Probably celebrate. But that's not what Ryo Sakazaki did. He went to look for her in the rugged South Town. Always willing to fight, Robert Garcia joined in the fray.

Ahead of them lies a series of vicious fights where they will obtain the clues needed to rescue Ryo's sister. Deadly martial artists, willing to risk all for victory, will join you. The only question is how?

The Super NES is pushed to its technical limits with Art of Fighting. Each level scales in to show the wild action, and there's a lot to see! A whole assortment of special moves can be learned, with graphic cinemas and cool bonus rounds that add to this cart's entertainment value. A bit sized down from the Neo version, it's still a worthwhile game. One of the better fighting carts around.

Fight your way through the toughest thugs for the clues that will help you.

TEST YOUR SKILL

Break the ice blocks for bonus points.
Pretty nifty, don't ya think?

THE TERMINATOR & ROBOCOP NOW HAVE SOMEONE THEY CAN LOOK UP TO.

ever to blast onto your Super NES."
Standing five stories tall and loaded with stunning graphics and firepower, this mechanized marine overshadows and outguns all other 16-bit metal heads. From the Cybernator's command

WHAT A BLAST!

It's here! The ultimate in cooperative games has finally arrived for the Super NES! This incredible version has more levels and features than the original. The idea is simple: run around a one-screen maze in search of power-ups and attempt to blow up an opponent, or two, or three! With the aid of the MultiTap, four players

can compete for points or just simple bragging rights!

There are over forty levels to pass in the Normal

mode. One or two players can battle in the seven mid-levels with a powerful boss character afterwards.

The real fun and challenge lies in the Battle mode. Up to four players can compete in twelve very unique stages with an easy objective: blow your opponents to pieces! These stages offer great surprises like complete darkness with only a roving spotlight nearby, or a psycho zone where there are no obstacles and everyone is powered-up!

If you're tired of lame games that

don't offer long lasting fun and action, check out Super Bomberman. It's sure to be a blast at any party!

MANUFACTURER MACHINE DIFFICULTY AVAILABLE HUDSON SOFT SUPER NES MODERATE SEPTEMBER CART SIZE NUMBER OF LEVELS THEME % COMPLETE 4 MEG 42+ ACTION 90%

NORMAL GAME

The Normal Game allows one or two players to compete through six stages of demolition fun! Each stage is comprised of seven levels with a boss to face afterwards. You and a buddy must blow up blocks to locate power-ups and find the exit that will warp you to new levels. The map charts your progress as you go.

The map shows the six areas that our hero, Bomberman, must fight his way through.

One or two players can bomb through over 40 levels in search of enemies.

when collected

BATTLE MODE Battle Mode is a great way to get three of your best friends together for a Bomberman competition. You can choose how many players will compete in twelve unbelievable stages. Power-ups are plentiful along with other surprises that may pop up. Watch out though, this game can be very addicting! One or two players can compete, but

ľVE BEEN PLOK'D!!

Plok is the protector of the kingdom Akrillic. One day, Plok glanced high atop his building and saw that his flag had disappeared. Who had taken his flag? He was determined to answer that question, so he set out on a quest to search for it. You can help Plok along in his journey to find the culprit and the flag itself.

Plok has a special ability to throw his limbs at will. This is a powerful weapon against the evils that inhabit the islands on your quest. Deadly vegetable creatures, monstrous frogs, and jumping fish bones are just some of the enemies you will face in trying to find the flag. In each level, you will be able to collect flowers for points, presents which give you different outfits and power-ups. and you will be able to work within each island to find ways of advancement. For example: throwing your limbs at a gear with a platform attached will make it spin. You can then hop on and take a ride up to the next section of the level. Your flag is on one of the poles, but which one? It's up to you to find out!

Poor Plok, He's lost his flag and must find it somewhere in the land of Akrillic!

Plok's journey will start at Cotton Island and from there, the quest will begin.

FIGHT ONWARDS

Sega's latest creation is an aweinspiring 24-Meg wonder. Hot in pursuit of Capcom's Street Fighter 2, Eternal Champions strives to be the ultimate 16-Bit fighting game. Achieving that is no piece of cake, as most companies can agree, but if you take a gander at these pictures, you're sure to be surprised. Sega has gone all-out to put detail and animation into the game.

On Earth, in the year 2225, the Eternal Champion is an entity which maintains the balance of good and evil, embodying the skill and integrity found in the great masters of the martial arts - the teachers of distinct fighting styles that have naturally evolved around the world. When the Eternal Champion discovers itself

THE FIGHTERS OF THE TIME ZONES

ALIEN ADVERSARY

SHADOW MISTRESS

SAVAGE

CYBORG

PIRATE GAL

SORCERER

dying, it searches the past to select 11 of the greatest fighters through time. The fighters have come together for the ultimate contest. The victor of the fight will be crowned the new Eternal Champion.

The plot sounds pretty cool, and the fighters are really exotic. Eternal Champions has a number of features which should be noted. Of those, the Dynamic Play Adjustment (DPA) will make this game a constant challenge to even the best players. You will also be able to use the Activator to really be in on the action. You can tailor the number of matches needed to win, and watch your battles with the instant replay function. Of course, what fighting game would be complete without moves? Eternal Champions has every character using over 35 different moves! Another neat feature is that each character has a special Over-Kill move that he or she uses to defeat the enemy in a grand fashion!

Eternal Champions looks to be a hot title. Maybe it can topple the mighty Street Fighter. Even if you're the best you will be challenged here. Now gaze upon this page for a glimpse at this 24-Meg powerhouse. Look for more on it soon!

SPECIAL MOVES TO FINISH WITH:

Each character has special moves. For example, the Detective guy can crawl on the ceiling then jump down on his opponent. Player-versus-same-player is also possible here.

THE SCENIC LEVELS

The foul stench of the swamp is overpowering; fighting is difficult.

The caged arena is a place of shadows and defeated warriors.

SUPERHERO

GUM SHOE

The volcanic wastelands are almost as hot as the action in the game!

Battle in the darkness of the Orient in this eerie zone. Spooky isn't it?

CENESIS Burn Rubber!

Hold onto your hats everyone! Virtua Racing is coming soon to a Genesis near you!

Sega has employed some new technology in creating this arcade-to-home translation. The use of the DSP chip helps to enable more fluid scaling and other special effects. Just like StarFox for the Super NES, Virtua Racing offers smooth, polygonbased graphics which are really a sight! The detail in this 16-Meg cart is really something to be seen, and they definitely owe a lot to the arcade game! Oh, and by the way, the wipeouts are spectacular!!

The game allows you to race against the clock, other racers, or previous best times. Also, the tracks are based on actual Worldwide Formula One racing circuits! Even the competition is taken from real life drivers! Too cool!

You can alternate between many different viewing perspectives with the push of a button! You can see the race right from the driver's seat, behind the car, slightly above the car, or with an aerial view.

If, during the race, you pass a certain point of the track under a preset time, you will be granted extended racing time.

This cart rocks the house! Strap yourselves in Racing is here in full force!

The smooth polygon-based graphics will give you the sensation of true motion!

Passing the predetermined checkpoints will allow you to continue the race.

The added scenery is another plus as you navigate the various courses!

For better control, you can change perspectives with the push of a button.

Compare the Two!

Which one do you like best?

Although it's only in the developmental stages, Virtua Racing for the Genesis seems to be a good translation of the arcade hit. But don't just take our word for it, compare the two for yourself!

for it, compare the two for yourself!
On the left are pictures from the
arcade version, and on the right are
some pictures from the Genesis title.
Sega's special DSP chip does an outstanding job in handling the various
special effects that the game offers.
Even the various scaling effects are
done really wel!!

All of the racing tracks are based on actual International Formula One circuits!

Make sure to keep a close eye on your speed indicator when taking the turns!

SEGA CD VIRTUA RACING?

With the incredible popularity of Sega's Virtua Racing arcade game, hopes are high for a Virtua Racing rendition for the Sega CD.

The possibilities are limitless!
Think of playing Virtua Racing at
home with all of the graphics completely intact! Also, the idea of having CD-quality audio serves to further sweeten the pot.

We certainly hope that Sega takes a long, hard look at this idea and brings the already classic Virtua Racing out on this powerful home medium.

FIGHT IN THE FITS!

They're back! This time there are more enemies, more moves, plus better sounds and graphics! Like its predecessor, the game uses digitized characters and voices for maximum impact! In the Pit there are no rules - which means you have to watch the spectators as

MOWGLI HAS TONS **OF MOVES &** ANIMATION

As you play the game, you will notice the many moves that Mowali is able to do. The animation of his moves has been drawn with great detail.

THE JUNGLE

The first of many, this level places Mowgli in the depths of the jungle where many monkeys, snakes, and other jungle creatures await, ready to halt his progress. In some areas of the level, Mogli must use his surroundings to help him through such as pushing stones and bouncing off springy snakes.

LOUIE'S TEMPLE

Somewhere in the jun-

IT'S A JUNGLE **OUT THERE!**

Following the lead of many other Disney movies being translated into video games such as Aladdin, Beauty and the Beast, Fantasia, and The Little Mermaid, Virgin Games joins this group with their latest entry. The Jungle Book.

In this Disney classic tale, you take on the role of Mowgli, a child born in the jungle and raised by the animals that live within it. You must journey through the jungle and other terrain taken straight from the movie like Louie's Temple.

Playing this game will be as much fun to look at as it is to play. The graphics will astound you with beautifully drawn backdrops along with Mowgli's incredible animation that enables him to move across the screen fluidly. The music and sound effects are, by far, some of the best.

Like all Disney movies, this game has all the elements that will appeal to gamers of all ages.

HEY, LOOK! FRUIT!

There are various icons of fruits and other items located throughout each stage. Items such as apples, coconuts, pears, and other fruits will give you some points to add to your total score while others will give you some sort of

A REVOLUTION IS UPON US...

Forget everything you have ever seen or heard in shooters. Silpheed is coming and this game offers sights and sounds that will keep you breathless! It all starts with the virtually unlimited memory of the Compact Disc. Advanced fractal geometry was used to calculate the lights and shadows of the spectacular landscapes. The action also zips along at an incredible 20 frames per second. Throw in some high-quality stereo music and synthesized sound effects, and you've got the shooter to end all shooters!

The SA-77 "Silpheed" is a one person multi-purpose interplanetary fighter armed to the gills with potent weaponry. It wields a powerful wraparound shield and can have new weaponry bolted on in a flash. The game may play like a standard shooter but once you get a glimpse of the multi-scrolling backgrounds, you'll wonder if you're playing a game or watching a movie! Blast through over 11 levels of high intensity gaming and battle bosses that fill your senses as well as the screen. As expected, you'll find enough power-ups to keep your trigger finger happy too.

What game would be complete without tons of icons to look for? Silpheed has items for bonus points, shield replacement, and even continues.

Bonus Points 1

Shield

Bonus Points 2

Invincible

The standard weapon on every SA-77.

Automatically attacks airborne enemies.

A faster version of the Forward Beams.

PHALANX

A stronger and wider shot to use.

ARM WEAPONS & OPTIONAL WEAPONS

Explodes on contact with enemy ships.

A very powerful flame with a wide arc

Rapid-fire shots with deadly results.

Draws enemies close with a powerful force.

AREA 6

Are you ready to take on the mother of all battle cruisers? This humongous ship is packed full of weaponry and hidden surprises. Be on the lookout for scout ships that hang around nearby.

ough a complex maze of

Blast through a complex maze of caverns and ever-changing tunnel configurations. Keep your eyes peeled as walls pop up out of nowhere and force you to take turns at amazing speeds!

AREA

The Grand Fleet of cruisers awaits you in Area 8. Stay on guard as fleets attack each other with huge cannon fire and long-range range rockets. Seek out the ships' weakpoints to destroy the armada before they strike you down.

AREA 10

With Area 9 incomplete, Area 10 is the next stop. Head back to good 'ol Earth and face enemy squadrons over beautiful mountain landscapes and gleaming lakes. The enemies are the toughest you've ever faced!

AREA 11

Here it is! Area 11 is a brisk ride through inner sanctums. Laser cannons pop up from the floors for a deadly strike while enemy cruisers circle overhead. Seek out the central core to face the final battle... on its home turf!

Leap over obstacles!

All of the Super NES moves are here plus two new moves! Ones that aren't shown are the dash, swim, pull, lift, and throw!

Here, look for these special items all through the island of Koholint!

friend or a villain setting a trap?

Some of the Items to find!

Hearts

Keus

Feather

There are old items as well as new ones like the tri-power that does double damage!

The Missing Link is Back!

Get ready for some intense portable adventuring! And pay attention Super NES Zelda owners, shocking though it may be, this one has all the moves and items that the Super NES version had - plus more! Now Link can do flip jumps and also has a new blocking technique that lets you push enemies away from you while constantly having a shield in front of you! The quest is also much, MUCH harder

This adventure takes place after the Super NES version. While returing to Hyrule, Link's ship was overturned by a giant storm and he washed ashore a tiny island called Koholint. There, Marin (who has a striking resemblence to Zelda) nursed Link back to health. As Link went to collect his weapons on the

shore, an owl came and told him that in order to leave the island, he must first rescue the 8 musical instruments of the Sirens to awaken the Fish of Wind that lies dormant in a giant Egg on top of a mountain. If you own a GameBoy, and adventure is the name of your game, then this is your ticket homel

You'll wake up in Marin's house. Talk to her father and he will have your shield!

Search the shores, for eventually you will come accross your lost sword!

look-A

Try killing all the monsters on the screen; sometimes it'll open a door or a chest!

Ram them with the shield and kill them!

Get the Roc Feather to do a flip jump!

It takes timing to get a full house.

Leap over the break to get the chest

ETTE WELCOME TO

JURASSIC PARK...
Technology has allowed us to create genetically engineered dinosaurs. Ingen Technologies, using this ability, has created Jurassic Park. A host of creatures from the past have been placed within a zoo-

like setting for your enjoyment.
This is the premise behind Jurassic Park, both the book and the movie. Inspired by the action-packed drama, Sega has created a game for the Game Gear. This cartridge features five areas filled with spinetingling prehistoric danger.

If you like action/adventure, or loved the movie, this game is for you. The graphics as you can tell by the pictures, are terrific. With two types of game play, you can enjoy this cartridge anytime. Best of all, since it's on the Game Gear, it can be played anywhere.

THREE WEAPONS TO CHOOSE FROM...

STANDARD RIFLE

Good for enemies directly in front of you. Moderately powerful, and grows bigger the farther away it gets from you.

L.A.

A rocket launcher that goes up diagonally then creates an airburst to smash things in the air. Average strength.

FLASH GRENADI

Flares upward to strike anything flying in the air. Very powerful, but has limited applications throughout the game.

	MANUFACTURER	MACHINE	DIFFICULTY	AVAILABLE
F	SEGA	GAME GEAR	EASY	SEPTEMBER
	CART SIZE	NUMBER OF LEVELS	THEME	% COMPLETE
	4 MEG	5	ACTION	90%

Remember, Grant can't swim. One dip into the water and he's a gonner.

BRACHIOSAUR PADDOCK

The Brachiosaurus Pen starts out with you driving along, and fighting the T-Rex. Then you must fight to the pod of Brachiosaurus. Use the L.A.W. to defeat the massive end boss.

TRICERATOPS PADDOCK

The forces of nature are against you! Fierce lightning and blazing tornados will sweep you off your feet. The boss is a Triceratops running rampant. Watch out!

Run for your life from the forest fire.

If you stop, you'll be cooked!

You'll face electricity and lava. Timing is everything here.

VELOCIRAPTOR PEN

Go through the maze of the Power Station to turn on the fences. The Raptors will try to ambush you if you slow down. Try not to get lost in the maze of corridors. The boss of the level is the alpha female of the Velociraptor pack. Stay low, and keep shooting to survive.

PTERANODON AWARY

In the driving sequences, you can get health and extra lives by shooting the dinosaurs. This is very helpful when going up against the bosses.

You start this level by driving through a swarm of Pteranodons. The sub-boss is is the largest of these creatures, and it drops boulders onto your vehicle. Once you are on foot, you must trek through a labyrinth of caves to get to the Pteranodon nesting area. The main boss is difficult, but can be delt with by using flash grenades.

AT & T unveils its "Etch-A-Sketch of the Future": The Personal Communicator

With the announcement that AT & T and EO, Inc., are combining forces to offer a single line of Personal Communicators, the world may be on the brink of a new revolution in communications technology.

The AT&T EO 440 Personal Communicator which provides fax, electronic mail. cellular phone, and

personal computing capabilities - has just been made available to consumers in select AT&T Phone Centers and authorized EO resellers. The Personal

Communicator is a highly flexible piece of equipment that is based on the "penand-paper" metaphor of GO Corp.'s PenPoint operating system. If a person wants to jot down a reminder, schedule a meeting, or even draw a map, he or she presses the pen device to the tabletscreen and presto, the note is stored in memory and placed in the appropriate cat-

AT&T and EO believe these products will provide messaging and informationhandling capabilities that go far beyond today's fax and email, and will have as much impact on person-to-person

The power of an entire office workstation can now be taken almost anywhere.

communications as the telephone had in the early 1900's.

But perhaps the best thing about the Personal Communicator is that, unlike an Etch-A-Sketch, you can turn it upside and shake it without erasing anything.

It isn't hard to imagine that this product, if it achieves mass distribution, will reduce much of the need for pen and paper in the next century.

The world's first family of Personal Communicators was introduced amidst a lot of fanfare at the Summer CES.

EGM LOOKS AT SOME OF THE STARS OF THE SHOW

Blows Away Air Guitars

For those of you who matched Jimi Hendrix guitar lick for guitar lick on Purple Haze, or jammed right along with Eddie Van Halen in one of his hallmark solos countless times on your air guitar, Arrow Micro-Techs has got a product for you.

you.
The
Jaminator
was
intro-

duced at the CES for the first time and should hit American stores toward the end of the year or early next year at a price much lower than key-

board synthesizers that

offer comparable features.
According to its makers, the
Jaminator is a fully interactive
music maker that compensates for mistakes and
insures players never hit a
sour note. With interchangeable sound cards that make
up a diverse music library, the

Jaminator is one cool axe.

Stack 'Em

As CDs become the storage medium of choice for audio, and now video, software, people are on the look-out for a safe, and attractive place to house their precious libraries. Koizol has met that demand with their unique sky-scraper storage system.

Whether you're knee-deep in Liberace recordings or just don't know where to put all those riveting Sega CD titles, these holders can make any collection interesting.

The towers are available in North America through Mitoco Design Marketing in Toronto.

CD Towers from Koziol.

Why is That Guy Talking to His Watch?

Remember the great old comic strips where the detective called headquarters from wrist phones? Or, where interplanetary adventurers check in from Saturn on wrist radios? Still sound like science fiction?

Well, not anymore with Panasonic's introduction of the KX-T9900 900-mHz wristband cordless telephone.

With a powerful base unit and high speed circuitry, the Panasonic wristband phone has finally made the mythical watch-phone a reality.

This amazing new telephone uses the most advanced cordless technology available: 900-mHz operation. Because of its ultra-high frequency, this phone bypasses many sources of telephone interference, such as fluorescent lights, garage door openers, and other cordless phones. The result is a clean, clear sound that rivals even corded phones.

But the best thing about the KX-T9900 is its tiny design. Panasonic has succeeded in miniaturizing cordless technology to the point where the portable phone has actually been fit on a watch-style wristband. Despite its size. the wristset is a fully-featured telephone, with built-in microphone, speaker, and miniature keypad. With it, users can freely roam throughout the yard, home, or office without losing touch. And, with the phone strapped to the

Technology has finally caught up with our imaginations. The Panasonic KX-T9900 was one of the hottest products at CES.

wrist, there is little chance the portable will be misplaced after making a call.

For even greater versatility, up to four wristsets can operate from a single base. And wristsets can serve as inter-

coms, both between portable and base and between other portables. Staying in touch will be easier than ever.

Now imagine how easy it will be to order pizza delivery during math class.

163

Back by Popular Demand Speed Racer Returns With A Vengeance

Since celebrating his twenty-fifth birthday last year, Speed Racer is undergoing a rebirth of sorts through comic titles, reruns on MTV, video games, an updated animated series, and even a full-length feature film.

The Speed Racer series became an instant hit when it first appeared on American television in 1967. The series went on to become one of the most successful series ever shown.

As the main character. Speed Racer is a smart. courageous, resourceful teenage race car driver competing in dangerous races throughout the world in his fast and fabulous Mach 5 racing machine.

with all its wonderful toys. was as much a star in the series as Speed. At the push of a button on his steering wheel, Speed could extend rotating saw blades out in front of the Mach 5, or launch him and the car into the air with powerful springlike legs that shot out from under the Mach 5.

To commemorate Speed's 25th birthday, NOW Comics produced a three-issue comic book mini-series featuring the entire cast of Speed Racer regulars including Speed, his spunky

girlfriend Trixie; his closest friend and ace mechanic Sparky;

curious little brother Spridle: the mischievous monkey Chim-Chim; Speed's father and designer of the Amazing Mach 5, Pops Racer; and the mysterious Racer-X.

Speed makes his debut on the big screen this summer with The Speed Racer Show, a campy 90-minute animated theatrical tribute to the long running series complete with new music. restored never-before-seen footage, and three original episodes.

Produced and distributed by Streamline Pictures in association with Speed Racer Enterprises, the film is showing in the art movie house circuit in all major cities

This picture provides a glimpse of what the new Speed Racer Animated series will look like.

On the video game front. Accolade sewed up a worldwide long-term agreement earlier this year to exclusively produce games based on both the Classic and the New Speed Racer.

Finally, an updated series entitled the New Adventures of Speed Racer will premier the week of Sept. 13, 1993.

How Did They Do That?

With summer now in full swing, so is the competition between the major movie studios. As Arnold competes with dinosaurs, and Sly takes to the mountains, the studios recognize summer as the most important time of year. With this year's crop, they're pulling out all the stops to bring in the big audiences - and of course the big box office dollars.

In the opening scene of Cliffhanger, movie goers see Hal, played by Michael Rooker, and his girlfriend stranded high on a remote mountain peak.

Filming that dizzying scene is much more than a

eras, cranes and dollies to the mountains became a test of will. They even had specially built elevator rigs that hung from the mountain at 10,000 feet.

Steven Spielberg's monster mega-pic Jurassic Park,

which set new box office records for raking in more than \$50 million in its first weekend alone, had to persevere through a very different set of logistical problems.

Spielberg faced the daunting task of animating the dinosaurs using full-sized 3000 pound

ton etc. From the dinosaurs
brind displays, using full-sized
obstacles. 3000 pound
models, scaled
down models, and computer
animation. With a lot of time,

money, and patience, anyone who has seen the film will testify that Spielberg pulled it off.

Not only did the Jurassic

Not only did the Jurassic Park crew have to deal with a myriad of technical problems, they also had to overcome an unexpected disaster from Mother Nature.

After three weeks of filming on location in the lush beauty of the island of Kauai, Hurricane Iniki tore through the set and leveled much of the island.

Sylvester Stallone and Janine Turner on a Cliffhanger set. "I had no idea what to anticipate: the logistics, the snowmobiles, the helicopter rides to the sets, inclement weather, it was exhausting," she said.

Producer Kathy Kennedy recalls, "If you're going to be stranded with anyone, be stranded with anyone, be stranded with a movie crew," she said. "We had generators for lights, and plenty of food and water. We were self-sustaining because we moved around on location all the time."

In another cinematic juggernaut, Arnold

Schwarzenegger's Last Action Hero, Columbia Pictures needed the cooperation of New York City to film some key scenes that take place in Times Square.

It's not like New York City can just shut down in the middle of the day for a few hours to accommodate a movie - although the Big Apple did it for Big Arnold.

Dr. Alan Grant (Sam Neill), cowers in fear with Alexis (Ariana Richards). Even a fake, full-sized, moving T-Rex is dangerous to work with when it weighs more than 3000 pounds.

Arnold Schwarzenegger in the Last Action Hero. From shutting down Times Square to pyrotechnic displays, Arnold had to overcome all sorts of obstacles.

matter of dropping the characters off and rolling the camera. Scenes like these don't happen without a monumental effort.

Obviously, the hard work paid off. Cliffhanger has already amassed more than \$55 million. In the first weekend alone, it raked in \$20 million plus.

"Cliffhanger," said director Renny Harlin, "is the biggest production I've ever been involved in."

Just the task of transporting people and equipment such as helicopters, cam-

MADDEN '93

ES/GAMEBOY N/A CARTRIDGE

Listen up sports fans John Madden Football '93 is coming to both the NES and the GameBoy! While both versions are early in production, you can expect to see intense football action. If it has the Madden name, it must be

A bunch of realistic plays are to be programmed in along with well animated players. The colors on the NES version are bright and depict the field well. The Game-Boy, despite the lack of color will be nearly identical to the NES version.

Run in for the touchdown, or kick a field goal. You must practice to be the best, or you'll never win. This is going to be one of the better NES football games once it's finished.

UBI is hard at work to bring Madden alive on the NES and GameBoy. Sorry Mr. Mushnik, this game is just like it's 16-Bit big brothers. If you are an armchair athlete like the majority of players out there, and want a little something different, John Madden Football '93 is for you, NES, or the GameBoy.

Madden for NES shows that 8-Bit isn't dead quite yet.

10 \$1 \$1 \$2 \$10 \$10 \$2 \$2 \$2 \$210 \$21 \$25 \$25 \$25 \$22

The GameBoy version is nearly identical to the NES version!

STRIDER RETURNS

GAME GEAR

2 MEG

CARTRIDGE

Strider Returns at last. The ultimate portable adventure lies in the hands of Hiryu, a young Strider of great skills. The Grand Master has returned, and this time he has a whole new group of deadly cyborgs. Despite his awesome athletic abilities, and lethal Cipher sword, Hiryu has a major battle ahead of him.

Hiryu must climb, crawl, and jump through the strangest of places. Things are not what they seem. Forests hold fortresses, and a single castle can contain a massive army of psychotic cyborgs.

Strider Returns is an excellent adventure for the Game Gear, and a wise player would pick it up, especially if you liked the first one. Totally hot!

Fight your way through the perilous forest teeming with beasts.

Deep within the castle is the unspeakable evil of the Grand Master.

...one that works !

Rules - All scores on Bomberman '93 must be received by September 15, 1993. If maximum scores are reached, a drawing of all maximum scores will be conducted to determine prize winners. All scores must be submitted on official Team entry forms and accompany a legible photo. Void where prohibited. Send SASE to High Scores, 1920 Highland Ave., Suite 222, Lombard, IL 60148 for an official entry form. One winner per household per year. Score rollovers will be treated the same as maximum scores. Decisions of the judges will be final.

PUGSLEY'S SCAVENCER HUNT

As if things weren't ooky enough! Now Pugsley Addams must go on a simply torturous scavenger hunt. There's all sorts of unnaturally delightful traps. And hidden switches all about, which produce the loveliest, blood-curdling effects when Pugsley runs into them. There's even magic money which has an extra lively effect you won't want to miss. So get ready to get spooky, and get set to get kooky...it's Pugsley's Scavenger Hunt! En garde!

Screen shots shown are from the Super NES version of the game.
